Bayha & Co.,
24 East Superior Street.

ENGLISH NEWSPAPERS.
Leading Opinions on the Nicaraguan Affair.

London, April 23.—The Pall Mall Gazette this afternoon, commenting upon the occupation of Corinto by the British squadron under Rear Admiral Stephenson, says: "We do not want to hurt Nicaragua, but only to teach her manners. The world will smile at President Zelaya's memorial. He bewails Nicaragua's smallness and weakness. We fancy that is one point in which the world regarded Nicaragua with satisfaction. Imagine a horned as big and strong as an elephant."

The St. James' Gazette this afternoon, referring to the same subject, remarks: "Great Britain has at length taken proper measures with the insolent, anarchical little Spanish-American republic. If the barbarian republics did not calculate upon the final protection of the United States, they would behave themselves. The Monroe doctrine has been the subject for much foolish declamation."

"It is apparent that it is understood to mean that America is prepared to protect every Spanish-American republic who thinks it fit to rob a European. Of course this is nonsense. The Nicaraguans and Venezuelans do not understand that the noisy electorship of certain papers in America will not influence the action of the federal government. We are now determined to stop the intolerant intolerance and aggression of these caricatures of civilized states. We began with Nicaragua, and we intend to continue with Venezuela."

The Globe this afternoon, referring editorially to the trouble between Great Britain and Nicaragua, says: "The situation in Nicaragua is not suggestive of opera buffa, but the present actualities of ordinary life. The Monroe doctrine is not an axiom of international law, nor so far as we are aware, binding upon anybody save its inventor, President Monroe."

"The proposal cannot possibly give Nicaragua importance in American eyes which she otherwise does not possess, but in spite of the talk of irresponsible American newspapers, we are glad to note that the government of the United States does not show a desire to quarrel with Great Britain over the Monroe doctrine."

A GOVERNMENT VICTORY.
Havana, April 23.—The government troops under Gen. Salcedo have won a

great victory over insurgent forces commanded by Gen. Maceo. Many of the latter were killed or wounded and the rest were dispersed and are seeking refuge in the mountains. In addition Gen. Salcedo's army is completely routed with great loss in killed and wounded and prisoners. Nearly all the remainder of his band surrendered.

MANY ARE DEAD.
Epinal Dyke Horror Reveals Great Loss of Life.
Epinal, France, April 23.—The list of the fatalities caused by the breaking of the dyke in the Epinal district of the Vosges increases every hour. One hundred and fifteen deaths have already been reported, but only fifty bodies have been recovered.

It is believed that the death list will be greatly in excess of the figures above given when all the districts are holed from. The whole region over which the water swept in a resistless flood, is strewn with every sort of wreckage and the whole country presents a most desolate appearance. The distress among the homeless dwellers of the valley is very great and in many cases they appear to be mentally tormented by the calamity that has fallen on them. The government is fully awake to the disaster and is doing everything possible to relieve their sufferings.

GREEN GOATS MEN IN JAIL.
San Francisco, April 23.—Local officers state that the two green goats men who were arrested at the San Francisco fair and who were taken to the city jail, are now in the city jail. A tank full of oil fastened to the back of the goats, which were taken to the fair, was found to be a hoax. The goats were taken to the fair by a man who was taken to the city jail. The goats were taken to the fair by a man who was taken to the city jail.

RAISED THE VALUATION.
Franklin, Ky., April 23.—The state board of equalization has increased the assessment of state property \$1,000,000 above the total valuation of the county assessors. This is the greatest increase ever made, except by the board of 1882. This sweeping increase does not make the total equal to the equalized value of last year.

VIGILANT IS SIGHTED.
New York, April 23.—A yacht has been sighted off Shore Beach, L. I., and the life saving station men are on the alert. A yacht named Vigilant, which sailed from Southampton on April 11 for New York,

CLIPPING

MONDAY, APRIL 23, 1895.

DR. BUCHANAN.
Evidently Nearing Eternity by the Lightning Express.

Sing Sing, N. Y., April 23.—The respite granted by Governor Morton in the case of Dr. Buchanan expires at midnight tomorrow, and unless the court intervenes the condemned man will be executed on Wednesday morning.

Warden Sage and Dr. Irvine visited the condemned man this morning. The first question he asked was whether they had any news from his lawyers in New York. Buchanan understands that his lawyers are to make application to the court to have the execution suspended and should this be denied they will then make notice of an appeal to the United States court.

Warden Sage has completed all the arrangements for the execution, and the new invitations have all been received by the persons who will witness it. The hour fixed is 11 a. m. Mrs. Buchanan, who visited her husband yesterday afternoon and remained with him for a long time, will probably go to the execution. She will have the effort of the lawyers to save her husband is unsuccessful. She will then take her leave of him.

HABEAS CORPUS DENIED.
New York, April 23.—Justice Addison Brown, in the United States district court today, denied the writ of habeas corpus asked for by Dr. Buchanan. W. Buchanan, the convicted wife poisoner.

CANADIAN HALFBREDS.
They Are Getting Restive on the Border.

St. Paul, April 23.—In regard to the reported Indian outbreak in North Dakota and the sending of troops from Fort Totten to the scene of the trouble, Maj. Gen. Merritt said today: "There is nothing in it at all. Some men with a fertile imagination have started the rumor. Fort Totten was abandoned because I came here, and no troops could be sent from a post where there were no troops."

A Minneapolis Journal special from St. John, N. D., says that the reported uprising of large numbers of Turtle Mountain Indians and halfbreeds, in which 1500 men are said to be on the warpath, is very largely exaggerated. Many of the Indians were arrested last winter and taken to Bismarck on trivial charges in an attempt on the part of the United States marshals to make peace and to break up the warpath.

Another breed who was promptly rescued by his friends, the far more numerous and better armed force in order to rearrest this man. The breed says if he is arrested there will be trouble. Canadian halfbreeds are most violent and are fomenting the trouble.

HEAVY STORMS PREVAIL.
Four Houses Were Blown Down at Omaha.

Omaha, April 23.—The report of a cyclone in the northwestern part of the city this morning proves to have been exaggerated. Only four houses were demolished, at the corner of Third and Broadway. The houses were blown down by a heavy rain and a number of outbuildings and trees were blown down. Nobody was seriously injured. The wind was accompanied by rain and hail, which did slight damage.

St. Joseph, Mo., April 23.—A severe city storm, which began at 4:30 a. m. and still continues. The storm is very heavy and is accompanied by rain and hail. The wind is blowing from the west and is very strong. The rain is falling very fast and is very heavy. The hail is very large and is falling very fast. The storm is very severe and is accompanied by rain and hail.

J. FLETCHER WILLIAMS.
Dies in Rochester of Softening of the Brain.

St. Paul, April 23.—Assessorsman Johnson this morning received a telegram from Rochester stating that J. Fletcher Williams, ex-secretary of the Minnesota Historical society, had died this morning. The funeral will be taken in charge by the Odd Fellows, of whom Mr. Williams was one of the most prominent members in the state. The funeral will probably occur Thursday afternoon. The interment will take place at Oakland.

Mr. Williams' death resulted from softening of the brain, which was brought on by a stroke. He was a devoted student, and, after working hard over the books in the rooms of the society, would go home and study for his examinations.

Is there any baking powder to compare with Price's? Its equal has never been found.

TO DISCHARGE THE RECEIVERS.
Milwaukee, April 23.—George D. Miller, general counsel for the Chicago & North Pacific Railroad company, went to Chicago today to present arguments before Judge Jenkins in a proposition to discharge Gen. Norton and Richard P. Morgan, two receivers of the company, leaving Judge Henry E. Howard, the third receiver, in charge of the company's affairs. It is claimed that the road can be managed more advantageously by one receiver. The receivers were paid \$5000 each the first year, but this sum was afterwards reduced somewhat.

IN THE BATTLE FOR PURE FOOD.
Dr. Price's baking powder always leads. It has put to flight the enemies of good cooking.

SAVED BY SPRINKLERS.
St. Louis, Mo., April 23.—Fire today partially destroyed the plant of the Kehler Milling company in East St. Louis, causing an estimated damage to \$200,000. The building is four stories high, covers an area of forty acres, and is used for the storage of grain. The fire was caused by a defective boiler, which exploded, and the building was completely destroyed.

RESULT OF ASSASSINATION.
Milwaukee, April 23.—The result of the assassination of Emil L. Sanger, who was the president of the company, has been that the company's affairs appear to be badly tangled.

CAPTURED THE CASHIER.
Raleigh, N. C., April 23.—A special officer of the Raleigh police, James H. Holladay, cashier of the Farmers and Merchants' National bank, who had been arrested, surrendered to the officers today. It is thought he had been in hiding in his own house.

INTERESTED IN BELL.
Oshkosh, Wis., April 23.—The case of the Rev. Jonathan Bell, whose intimacy with Emma Hall is understood to have led to his being arrested, is being discussed in the city. Bell is a prominent member of the church and is a well-known figure in the community.

NOT IT.
United States Government Vessels Ordered Out of Nicaraguan Waters.

Uncle Sam Determined to Preserve a Very Strict Neutrality.

England May Add an Expense Account to Her Demands.

Washington, April 23.—The Monterey which has been lying at Acapulco for a few days past sailed yesterday from that port for the United States. The ship was ordered out of Nicaraguan waters by the United States government.

THE WALLER AFFAIR.
Ambassador Eustis Investigating French Action Therein.

Paris, April 23.—The United States ambassador, the Hon. James B. Eustis, has received very pointed and definite instructions from Washington regarding the case of John L. Waller, now imprisoned in France under a twenty-year sentence imposed by a court martial on the ground that he was communicating with the Havas. Mr. Eustis has been instructed to investigate the matter and to report to the State department.

SAVED HIS FAMILY.
St. Paul, April 23.—The residence of Eric Dahberg, of St. Paul Park, burned this morning between 2 and 3 o'clock. The family barely escaped with their lives. When the family awoke they found that escape through the doors was cut off by the flames, but Mr. Dahberg got a rope and, by its means, lowered his family to the ground. Nothing was saved from the building, and it was uninsured.

FAILURE AT WASHINGTON.
St. Paul, April 23.—A special to the Dispatch from Washington, Wis., says that F. Dahl, furniture dealer, made a voluntary assignment this morning. Liabilities are estimated at \$10,000. Assets are about equal. D. N. Clausen is assignee.

THE WILDE NASTINESS.
London, April 23.—The trial of Oscar Wilde and Alfred Taylor was resumed at the Old Bailey. The evidence presented was chiefly a repetition of former testimony. It is expected that the trial will finish tomorrow. When the case for the prosecution was completed the court adjourned for the day. The defense will open up tomorrow morning.

COOL HEADED TELLER.
Gives a Would-be Robber a Dose of Lead.

Dubuque, Iowa, April 23.—A stranger walked into the Iowa Trust and Savings bank about 11 o'clock this morning. Behind the counter windows the funds for the day's use were piled and having heated them, he struck the window with a small hammer that he carried with the evident intention of grabbing the funds and escaping before the employees had recovered from the surprise.

FIRE IN BALTIMORE.
Baltimore, April 23.—A fire this afternoon started in the cupola of the West Union building, caused by the grounding of wires, causing interruption to communication. Damage estimated to be \$10,000. Rest of building safe.

MILITARY ACADEMY VISITORS.
Washington, April 23.—The president appointed seven members of the board of visitors to the military academy, and with the congress members the board is composed as follows: Senators: Wm. D. Felt, of Wisconsin, and Frye, of Maine; Representatives: Wheeler, of Alabama; Washington, of Tennessee, and Hull, of Maine; Frank P. Blair, of Illinois; Gen. Thomas J. Wood, of Ohio; A. L. Knott, of Maryland; D. C. Janney, of New York; S. B. Butler, of Massachusetts; John M. Wright, of Kentucky; Peter Harrison, of Virginia.

MONEY IS UP.
New York, April 23.—Joe Ventig, manager of the Florida Athletic club, has put up \$5000 forfeit money to guarantee the club's ability to handle the fight between Corbett and Fitzsimmons. The time and place will be named July 1. It now remains for Corbett and Fitzsimmons to put up \$5000 each as a guarantee to the Florida Athletic club that they will fight under its auspices.

GRAND LODGE FNAI BRITH.
Cincinnati, April 23.—In the session today of the constitution grand lodge FNAI Brith, the report on rules and reports of officers were presented and all the standing committees were appointed when the grand lodge adjourned until tomorrow morning to give the committee an opportunity for afternoon and evening meetings.

CLEVELAND'S MORAL PSYCHISM.
Cleveland, O., April 23.—The police authorities today issued an order to the effect that all pool rooms, policy shops, gambling houses and every place where games of chance are run must be closed at once.

Cleveland, O., April 23.—The police authorities today issued an order to the effect that all pool rooms, policy shops, gambling houses and every place where games of chance are run must be closed at once.

IRON HALL MATTERS.
Indianapolis, April 23.—Superior Judge McMaster said today that he felt now as if the Iron Hall trust would be speedily closed. Judge McMaster will next Saturday begin the investigation of the troubles in branch 76. Saturday the Pennsylvania branches settled with Receiver Bailey. Receiver Graham sent out a policy \$5000 and a quantity of unconverted securities. The members of the order in Pennsylvania will therefore be permitted to take part in the dividend and it will take about \$250,000 to pay the certificates.

MERIT WILL WIN.
But the Railroad Men Object to the Plan.

Cleveland, Ohio, April 23.—It is rumored in railway circles that a new rule will shortly be put into force on the railroads in the Vanderbilt system, which, in brief, is that officials, when making promotions among employees, will hereafter pay no attention to seniority of service, but will consider only the efficiency.

It is said that if the rule is adopted it will meet with stubborn resistance by the men. It is understood that the new plan will first be put into operation on the Nickel Plate as a sort of "feeler."

Chief Arthur, of the Engineers' brotherhood, in discussing the matter said: "I should think the enforcement of such a rule would be injurious to the best interests of the company. Our contracts with the railroads expressly provide that when all things are equal the preference shall be given to men who have served the company longest. If such a rule is put into effect the engineers will, I think, use every honorable means to combat it."

President Caldwell, of the Nickel Plate, asserted, when asked concerning the matter, that if such a rule was to be adopted he had not heard of it.

THE WALLER AFFAIR.
Ambassador Eustis Investigating French Action Therein.

Paris, April 23.—The United States ambassador, the Hon. James B. Eustis, has received very pointed and definite instructions from Washington regarding the case of John L. IRON HALL MATTERS.
Indianapolis, April 23.—Superior Judge McMaster said today that he felt now as if the Iron Hall trust would be speedily closed. Judge McMaster will next Saturday begin the investigation of the troubles in branch 76. Saturday the Pennsylvania branches settled with Receiver Bailey. Receiver Graham sent out a policy \$5000 and a quantity of unconverted securities. The members of the order in Pennsylvania will therefore be permitted to take part in the dividend and it will take about \$250,000 to pay the certificates.

American Store.

THE MOST IMPORTANT MERCANTILE EVENT IN THE HISTORY OF THE STORE

The consummate and decisive illustration, that we undersell and outmerchandise them all. Do not lose the importance of this great event by confusing it with the every day advertising methods so prevalent in Duluth. No closing out story, no bankrupt story or any hard luck story about it. There is no taint on the goods. They are all new, fresh and good—nobody ever could become bankrupt selling such goods. It is simply our way of demonstrating that we undersell them all.

INDEX OF SALES.

The disappearance cases are still surrounded in mystery. Nothing has been heard of either George Dinwiddie or Capt. McNab by the police up to noon today.

MONEY TO LOAN

AT 6 AND 7 PER CENT.
Any amount. No delay.
Howard & Patterson,
208-212 First National Bank Bldg.

STILL HOLD OUT.

Only One Employing Tailor Has Signed the Scale.

"The action of A. E. Mueller in acceding to the demands of the Tailors union has not had the effect of forcing the other merchant tailors to adjust the scale as the union men had hoped. J. S. Lane has eight or nine men at work, and is getting in more right along. This morning one or two more arrived and some are expected tomorrow. He says he has no intention of signing the scale.

Nelson & Swanson also have five or six men and say they can get all they want. Altogether it looks as though the tailors' strike is still a long way from being settled.

National Economy.
State Economy.
Home Economy.

Imperial Flour.

Question that do you?...

Just try it once and be convinced.

Duluth Imperial Mill Co.

That bread-making contest will be funo let.

THE COURT

The May Term Will Open on Next Wednesday Morning.

Grand Jury Will be Called and Charged the First Thing.

The Petit Jury Will Not Convene Until Next Monday Morning.

The May term of district court opens Wednesday morning, when the grand jury will convene and receive the usual charge from the court, after which it will proceed to the consideration of the criminal matters which are to come before it. There are quite a number of criminal cases, and the jury will probably be occupied several days.

This is the first term under the new law regulating the terms of court in this county, and the manner of opening jury in vacation. The petit jury does not is somewhat different from that former term until Monday, Thursday and Friday the court will be occupied in hearing motions, etc., and ex parte matters, such as uncontested divorce cases. The calendar is called Wednesday.

Monday the petit jury convenes, and the trial of jury cases is commenced. The calendar is of more than usual length, and contains about 200 civil cases. There are no cases of great importance, and few of much public interest. After the May term there will be no more general sessions until September, after which bi-monthly sessions will be held until May.

BEST BARGAINS IN DULUTH!
Fine lot, upper side London Road.
Price low—almost out of sight.
Modern 9-room house and two fine lots.
Best part of English, very cheap. \$2000 cash, balance January, '96.
GEO. R. LAYBOURN, 11 Phoenix Block.

CAPT. McNAB MISSING.

He Has Not Been Seen For Almost Two Weeks.

Capt. James G. McNab, 165 Cascade square, is missing and has been since April 16.

Aside from considerable property on Cascade square Capt. McNab owns a farm at Giesen, on the Vermilion road, about sixteen miles from the city. Although he is 60 years of age, the captain has spent portions of the spring and summer months on the farm, usually coming in Saturdays to attend the Presbyterian church, of which he is a member, on Sunday.

On Wednesday, April 16, about 1 o'clock, Capt. McNab left home to walk out to his farm. At that time there was ice on the lake. Giesen and a short cut would take the captain across an arm of the lake on the ice.

When Capt. McNab failed to return at the end of the week, his family wondered at it but felt no great alarm until Tuesday. They then made inquiries of farmers coming in from Giesen and found that nothing had been seen or heard of him out there.

Saturday a report came in that Capt. McNab's body had been found in the Vermilion lake. Yesterday Mrs. McNab and several friends went out to the lake and found the report untrue. A careful search failed to find the captain, but at the place by the lake where he had been working, his ax and other tools were found and at Lakewood beach found the horse he had ridden.

The captain had only a small amount of money and it is not thought that he got into the lake in some manner and was drowned.

6% MONEY TO LOAN! 7%

Money ready for any good loan. Applications wanted at once. No delay; no red tape. Some nice houses to rent in best localities.

Slryker, Manley & Buck.

Complaints Made.

The other day an inspector from the health department called upon Nichols, the liverman, and ordered him to remove some manure from his livery barn on First street. Now, Alteman Lerch runs a livery barn, and all winter he has had it banked up with manure, and the manure is there now. "You go down there and tell that alderman to clean up his place, and when you come back you'll find my place cleaned up," replied Nichols with some asperity.

But Mr. Lerch's place is not yet cleaned up, and several complaints have been made at the health office. The attention of the department to the matter was called this morning by one of Mr. Lerch's fellow-aldermen.

WILL STUDY A PROBLEM.
Maj. Sears will leave on May 5, for Portland, Ore., where he will confer with two other government engineers in reference to the bar formations in Vanuini bay. The commission meets on May 10. The question which comes before it is one without a precedent. Every winter there forms in the bay, some distance inside the entrance, a bar. The winter storms cause this but why it forms inside is the unusual problem to be solved. It is not uncommon for bars to form outside of the entrance to a bay but this condition is decidedly out of the ordinary.

Sheet music at half price at Cowie's. An extra sheet thrown in with every 1st purchase.

FOR RENT.
Houses in good locality. Myers Bros. Lyceum.

Sole agents in Duluth for the Cleveland Steel Range Co.'s celebrated Hotel and Home Ranges.

Get our prices and you will surely buy your Range of us.

Smith, Farwell & Steele Co.

Duluth, Minnesota.

"UNCONSIDERED TRIFLES."

It pays to look after "unconsidered trifles." VOLUNTARY for instance receive secondary consideration, whereas they should be of first importance. How often do we notice neglect even in those people who mean well enough, but put off till driven by pain to submit to an expensive operation which otherwise might be but trifling or unimportant. Our method of painless filling and extracting takes away the dread. Our prices are moderate in these times. Be wise in the selection of your dentist!

DR. SCHEFFMAN. 100-101-102 Woodbridge block, directly opposite Howard & Haynie's.

MENDENHALL & HOOPES

WEDDING

**Two American Beauties Be-
come the Wives of
Englishmen.**

**Lord William Beresford is
United to the Duchess
of Marlborough.**

**Miss Chamberlain, a Cleve-
land Girl, Marries Mr.
Scarlsbrick.**

London, April 20.—At the fashionable
St. George's church, Hanover square,
at 1 o'clock this afternoon, the widowed
duchess of Marlborough, formerly Mrs.
Lewis Hanmerley, of New York, was
married to Lord William Beresford,
formerly colonel of the Ninth lancers,
who gained the most coveted of all mil-
itary decorations in Great Britain, the
Victoria cross, by riding back into the
thick of the fight at the battle of
Ulundi, to rescue a lance who he
placed across his saddle and then cut
his way out to safety.

In spite of the statements that the
wedding was to be a quiet ceremony, it
was the smartest event seen in London
for a long time past. The church was
crowded with royalty, members of the
diplomatic corps, representatives of the
various colleges, governors of different
colonial possessions, officers of the
army and navy, and members of the
elite of American and English society
of London and elsewhere.

In every row of seats from the front,
where United States Ambassador Card
and Mrs. Hayard and the duke of
Cambridge occupied the two most
prominent places, to the back row of
pews and to the galleries there was a
brilliant mass of color formed by the
rich satins and silks of the ladies' cos-
tumes.

Shortly before 1 p. m., the bride-
groom, attended by his brother, Lord
Alfred, Beresford, both in faultless
fading frock coats, entered the church,
almost unnoticed by the crowd. Then
followed crowds of members of the
aristocracy until at 1 o'clock promptly
the bride's carriage arrived and there
was a vigorous pressing forward upon
the part of the crowd and a stren-
uous effort upon the part of the police to
keep back the crush.

The "American duchess," as the
beautiful dowager duchess of Marl-
borough is known, looking exceedingly
handsome in her bridal costume, en-
tered the church leaning on the arm of
her father, the young duke of Marl-
borough. Upon reaching the door, they
were met by the clergy and choir, who
and the procession of the bride and
flower-bedecked aisle to the altar.

The bride was dressed in a dove gray
containing skirts, and wearing a
white lace waistcoat and cuffs, with
diamond buttons, a white bonnet with
gray chiffon, and a magnificent white
veil. She carried a large prayer book,
and when she took her place by the
altar, the bridegroom, who by the way,
looks older than he really is.

At the principals took up their posi-
tions, first Lord Marcus Beresford, the
best man, on the right and then the
bride and bridegroom in the center and
the duke of Marlborough on the left.
The Rev. James Edmond, vicar, hon-
orary chaplain to the queen and sub-
dean of the chapel royal, officiated, as-
sisted by the Rev. David Anderson, rec-
tor of St. George's church.

The service was fully choral and oc-
cupied half an hour. At the conclusion
the party went to the vestry, where the
bride couple were congratulated by
friends.

MRS. CHAMBERLAIN MARRIED.
London, April 20.—At high noon to-
day, Miss Josephine Chamberlain,
youngest daughter of W. S. Chamberlain,
of Cleveland, O., was married to Mr.
Scarlsbrick, Esq., of Lancashire.
Lord Berwick was the best man, and
Charles Herbert, Scarlsbrick, Nayler-
Leyland, the husband of Jane Cham-
berlain, sister of the bride, acted as
member of parliament for Colchester,
gave the bride away.

WRECKER FOLSON ARRESTED.
Albany, N. Y., April 20.—When
S. M. Folson, post of Chicago, the
banker who is charged with wrecking
the Albany National bank and the
New Mexico Savings bank and
Trust company, stepped from a passen-
ger train last night from the East.
Deputy United States Marshal Knight
placed him under arrest on indictments
recently found here by a United States
grand jury. Folson was tried and con-
victed last year and sentenced to the
territorial penitentiary for five years,
but has never served his sentence.
Folson will have no trouble to give a
bond.

MONTANA FORGER CAPTURED.
Chicago, April 20.—Tom Metzger, one
of the badly wanted forgers in the
country, has been arrested here on a
charge of swindling the National bank
of Butte, Mont., a week ago, out of
\$2000 by means of a forged check. Metz-
ger's company, said to be Charles
Whitman or Charles Marlon, escaped.
When arrested \$4000 in gold and bills
was found on his person.

THAT PLEASIBLE INCOME TAX.
Minneapolis, April 20.—A Mason City
lover, special to the Journal says: An
interesting point with reference to the
income tax has come up here. The
Mason City Brick and Tile company, in
making its return claimed exemption
under the supreme court decision as
all its income was derived from real
estate in the shape of brick and tile.
The collector refused to allow the ex-
emption and the point may be referred
to the courts.

DR. DIXON'S BODY FOUND.
Minneapolis, April 20.—An Eagle
River, Wis., special to the Journal
says: The body of Dr. C. S. Dixon, a
prominent citizen of Ashland, who was
lost in the woods last winter, was found
by a searching party today.

AUSTRALIAN BALLOTS.

**Grand Juries Can Not Examine
the Votes.**

Kansas City, April 20.—The state su-
preme court at Jefferson City today
rendered an important decision in con-
nection with the Australian ballot law.
At the last November elections in
Jackson county and Kansas City gross
frauds are alleged to have been committed.
The matter was brought before the
grand jury and the latter body called
on the recorder of voters to produce the
ballot boxes for their inspection. The
recorder demurred and the case was
finally taken to the supreme court for
adjudication. The court today re-
versed the recorder of voters from the
custody of the marshal and ruled the
right of the criminal court to compel
the recorder to produce the ballot
boxes.

In summing up the court says: "The
consideration which induced the states
of this Union to adopt the secret ball-
ot not only continue to exist, but
others have been added. The threat
of today is not only protection
from his quiet employer but from the
aggressive spirit of his own fellows
and the dominations of brotherhoods
and unions."

Giving the grand jury the right to
inspect the ballot boxes, the court holds,
would violate the secrecy of the ballot
as well as an infringement of the con-
stitution.

ST. PAUL & DULUTH.

**Will Use the Milwaukee Depot
at Minneapolis.**

St. Paul, April 20.—Tomorrow morn-
ing the St. Paul & Duluth will begin
running its trains to the Milwaukee
terminal at Minneapolis, and some-
times at Duluth. The passage was rather
rough but she arrived safely at the
equal and she was just going through
the pier when the tow line parted at
the rail and the raft went against the
point just south of the pier.

The damage is not great as the logs
are in such a position that they may be
easily recovered. The tug Stanwood,
Adams and Putnam were out for
Silver Creek, just beyond Two Har-
bors, with a raft of 800,000 feet for Mer-
rill & Ring. The passage was rather
rough but she arrived safely at the
equal and she was just going through
the pier when the tow line parted at
the rail and the raft went against the
point just south of the pier.

MARINE

**Two Boats From the Lower
Lakes Should Reach
Duluth Tonight.**

**Raft Towed by the Tug Bob
Anderson Went to
Pieces.**

**Vessels Passed Up at the
Sault, Detroit and Port
Huron.**

The brisk northeaster which accom-
panied yesterday's rain brought up a sea
that splashed over the lighthouse in a
vigorous manner and made it pretty
hard shelling for tugs with rafts in
tow. The Bob Anderson came in from
Silver Creek, just beyond Two Har-
bors, with a raft of 800,000 feet for Mer-
rill & Ring. The passage was rather
rough but she arrived safely at the
equal and she was just going through
the pier when the tow line parted at
the rail and the raft went against the
point just south of the pier.

ous Victory.**

Newmarket, April 30.—Unusual inter-
est was taken in the opening of the
first Newmarket spring meeting here
today. In addition to the 1000 and 2000
guinea stakes, in which the Derby
favorites meet, American horses were
entered for several events.

The Most Important Mercantile Event in the History of the Store.....

A Different Thing
Altogether.....

The consummate and decisive illustration, that we undersell and outmerchandise them all. Do not lose the importance of this great event by confusing it with the every day advertising methods so prevalent in Duluth. No closing out story, no bankrupt story or any hard luck story about it. There is no taint on the goods. They are all new, fresh and good—nobody ever could become bankrupt selling such goods. It is simply our way of demonstrating that we undersell them all.

A Sale Without a Name==It doesn't Need Any.

The Cheap Way the Goods Will Sell is the Important Thing to You.
If you are not a Patron of this house we mean to make you one, if action follows judgment.

Domestic and Linen Dept.

Great 6c Sale—

PEDDLERS

The Council is Considering
Another Prohibitive
Ordinance.

Fire Tug Contract With Capt.
Inman Renewed For
Two Years.

An Attempt to Reconsider
the Canal Ferry Scheme
Was Unsuccessful.

For the last time this season the city fathers assembled in council at 7:30 o'clock last evening. Hereafter sessions of the council will not open until 8 o'clock. The meeting last evening was short, too, the shortest by far that the present council has held. President Howard called time at 7:30, and by 7:40 o'clock Alderman Patterson's motion to adjourn had passed. The night was rainy, the space back of the railing was empty of constituents and no one cared to remain and make speeches on the steam ferry question unless there were those present from the various wards to hear. Alderman Patterson, without listening to constituents, spoke at a home without a mother, so to speak, or as sounding brass and tinkling cymbals, especially sounding brass.

Mayor Lewis sent in no communication last night, and the city attorney considered followed his example. The dear people, however, did not fail to send in petitions on various things, but nothing came from S. L. Merchant. A prayer for the establishment of a fire alarm box on Seventh street and Twenty-third avenue west was referred to the fire department committee.

The bond of City Engineer W. B. Patton in the sum of \$10,000 was confirmed, as also was that of City Comptroller W. G. Ten Brook for the same amount. The bondmen of the city are B. Silberstein, E. L. Fisher, Otto C. Hartman and J. B. Stevens.

The disputed lumber bill of the B. B. Richards Lumber company vs. the city of New Duluth for \$667 was settled and ordered paid in the sum of \$250.

FIRE TUG CONTRACT RENEWED. A renewal of the fire tug contract with Capt. Inman for two years, was confirmed and the proper authorities authorized to execute a new contract.

The contract for lighting and maintaining oil lamps on the city works awarded by the board of public works to Thomas Grady, was confirmed. The West Duluth Light and Water

company was ordered to extend the main on Fourth street from the corner of that street and Forty-first avenue west to the westerly side of Forty-second street.

It was voted to require each alterman to make a report to the council on the next meeting as to the amount of garden seed applied for by the needy in the respective wards. No application for seed will be granted after next Monday, and no ward will be allowed to have over \$100 of the \$500 appropriated to help the needy in Duluth.

The city of Duluth is taking a determined stand against peddling. Every now and then a peddler's ordinance is introduced with one provision or another that is practically prohibitive. An ordinance introduced last evening to regulate peddling, peddling or canvassing has some very sweeping and strict provisions. One cannot take orders for future delivery without a license, and yelling is not allowed. Song and dance artists on the corners are also shut out. Wagon peddlers will be charged \$125 a year or \$5 a day. Push carts will cost \$60 a year or \$25 a day. Foot peddlers will have to pay \$15 a year or \$2 a month. Transient peddlers probably will not come to Duluth any more if the ordinance passes. If they do it will cost them \$500 a year or \$50 a day to ply their trade.

ED. NOT RECONSIDER.

An attempt to resurrect the steam ferry scheme failed. Alderman West moved a reconsideration of the vote of one week ago and Alderman Harwood offered a second. President Howard declared both out of order, as they did not vote on the right side of the question but to be entitled to move a reconsideration. There are those who claim that Alderman Nelson promised to vote for confirming the contract if the matter came up again, but he failed to attend last night's meeting. Alderman Olson also was absent.

On motion of Alderman Patterson, after one round of the ferry fight, the council hastily and gladly adjourned.

WHY? Taste of "Royal Ruby Port Wine" and you will know why we call it "Royal." A glass held up to the light will show why we call it Ruby. \$99 found under five years old. It is grand in richness and where a strengthening cordial is required, recommended by physicians. Be sure you get Royal Ruby. Sold only in quart bottles, price \$1. For sale by S. F. Boyce, druggist.

DUNN'S CASE IN POINT.

The State Losing Money Under the Staples Law.

The state auditor has discovered some more careless work in connection with the appraisal of school lands, and, strangely enough, the discovery bears out his opposition to that part of the Staples' pine land bill calling for a re-appraisal of all state lands before they are sold. Mr. Staples' idea was that the first appraisal was too low, and that the state would make a great deal of money by having the work done again now. The section in question is in Carlton county and is known as section 16, township 48, range 16. It was first appraised in April, 1891, and the report contained this note: "The timber on this land has all been removed—that is, pine and the timber—and that land burnt over." The value fixed by the appraisers was \$17.19 per acre, making the section worth \$11,000. In June, 1891, the new law was sold to H. H. Hawkins at \$15 per acre; the new law of the new law to M. L. Sullivan at \$25 per acre; and the new law to D. V. Scott, Sutherland and Alexander at \$15 per acre, making in all \$35,500. In April, 1894, County Auditor Thomas

while the reappraisal in 1894 fixed it at \$399.00—a difference of about \$4000 against the state.

Now if the reappraisal of other sections is to turn out as it did in the case of 16-48-16, the Staples bill will cost the state a good deal of money before it is done with. But, more than anything else, the case just quoted shows again how careless the state has been in the management of its pine land and hard-wood lands and how it has allowed itself to be robbed right and left.

HIS NAME DAY.

Complimentary Entertainment for Bishop McGrick.

Tomorrow, May 1, St. James' day, the name's day of Rt. Rev. James McGrick, and an entertainment in his honor will be given at Catholic Association hall by the pupils of the Institute of the Sacred Heart. It will be complimentary and no admission will be charged, but any donations will be appreciated by the pupils who will purchase some suitable remembrance for the bishop. A program for the affair has been arranged and is as follows:

THE U. S. Government officially reports ROYAL Baking Powder superior to all others in leavening strength.

(Bulletin 13, Ag'l Dep't, p. 599.)

H. Martin made a request for reappraisal of the unsold land, and a notation in his letter was to the effect that there was 50,000 acres of timber on the land. In May, 1894, after the new appraisal, the new law was sold to E. C. Gridley, of Duluth, at an average price of \$3.50 per acre. On the same date the new law was sold to L. H. Sutherland for \$3.25 per acre, and the new law to E. C. Gridley for \$3.50 per acre, leaving the new law of the new law, the only tract unsold in the section. The total sales after the second reappraisal were 290 acres, at an average price of \$3.45 an acre, bringing the state \$1,000.

Under the first reappraisal the state sold 300 acres for \$250,000, and under the second one, 290 acres for \$200,000, making a total of \$450,000. Estimating the remaining land in the section to be worth \$200, under the average price of \$3.50, fixed by the second appraisal, the state gets a total of \$1,025,000 for what the first appraisal sold for \$11,000. By the new appraisal the state lost just \$10,400.

The stumpage record shows that the only timber cut from this land and paid for was 708 poles, at 8 cents each, cut by H. D. Sutherland under permit No. 75, issued Oct. 18, 1897. The section was originally pine land, for the first report of appraisers. It was then sold to the state and was cut and burned over. The state got nothing for that pine or for any timber on the land. The 1891 report says: "There was hardwood on three of the 40-acre tracts. The 1891 report says: 'Timber none,' so that even the hardwood disappeared without the state receiving a cent for it. The 1891 appraisal fixed the value of the land at \$11,000.

NOTICE. To whom it may concern. Notice is hereby given that a meeting of the plat commission of St. Louis county will be held at the office of the county surveyor, 215 Trust company building, Duluth, April 30, 1895, at 10 a. m., for the purpose of approving the plat of the First addition to Proctorville, situated on the w. 1/2 of the sec. 4 of the 16th, section 10, township 45 north, range 15 west. F. DAVIS, Secretary.

ONE-HALF

Police Would Like That Amount of Dog License Receipts.

They Wish it to Go Into the Relief Association Treasury.

As a Precedent They Point to the Rules in Other Cities.

There is an effort on foot to induce the city council to appropriate one-half of the dog license money to the use of the Duluth Police Relief association. This association was formed some months ago, and its objects are to provide a fund for the relief of sick, disabled and superannuated members of the police force. It is based on the same principles as those of the Firemen's Relief association.

Now the firemen have state as well as municipal aid. The police feel that they are as much entitled to consideration and assistance as the firemen. In Minneapolis all the dog license money goes into the relief fund. That is especially appropriate, too, for the police-men ought to have some return for the large amount of ammunition expended on unleashed dogs. Then, too, in all seriousness, if they get a benefit from every dog licensed, they will be most zealous in seeing that all violators of the dog license law are brought to time. In St. Paul 10 per cent of the fines and fees paid into the municipal

Beecham's pills are for biliousness, bilious headache, dyspepsia, heartburn, torpid liver, dizziness, sick headache, bad taste in the mouth, coated tongue, loss of appetite, sallow skin, etc., when caused by constipation; and constipation is the most frequent cause of all of them.

court is given over to the police relief fund.

Last year in Duluth the dog licenses paid amounted to \$147. Half of that going to the relief fund would amount to \$73.50.

Chief Armstrong desires very much to have the council adopt some such plan as this. A number of the aldermen in the board favor it, but several are very much against it. It probably will come up for consideration at the next meeting.

The responsible piano dealer is Coon.

IT MAY DO US MUCH FOR YOU.

Prof. Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pain in his back, and also that his bladder was affected. He tried many so-called kidney cures, but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all kinds of kidney troubles and often gives almost instant relief. One trial will prove our statement. Price only 50¢ for large bottle. At Max Wirth's drug store.

ADVANCED

Minnesota Iron Company
Has Announced a Raise
in Wages.

Miners Will Get an Increase
of Ten Per Cent
Tomorrow.

Advance Means Much to the
Men Employed in the
Mines.

An advance in the wages of the employees in the mines at Soudan has been announced by the Minnesota Iron company. A 10 per cent raise for the company's 100 employees will go into effect tomorrow, and there is much rejoicing at Soudan and Tower over the announcement.

The advance in wages means much to the miners and to the people in the neighborhood of the mines, while to the company it means an increased expenditure of \$6000 per month. It is expected that the company will ship about

G. A. R. VISITORS

Several High Officers of the
Organization Were Here.

The members of the Grand Army of the Republic in Duluth entertained a number of the state officers last evening at the hall in the Masonic Temple. They came on a friendly visit to the Duluth veterans. They were: Eli Torrance, of Minneapolis, department commander; S. R. Van Sant, of Winona, ex-department commander; J. J. McCurdy, of St. Paul, senior vice department commander; and Jacob Mertz, of Minneapolis, adjutant general.

About 100 members of J. B. Culver, Willis A. Gorman and R. B. Hayes posts and the women's circles were present. L. S. Wilkinson, commander of the evening and welcomed the guests. Capt. Van Sant responded, and made a fine address. He spoke of the great privilege and distinction of being a member of the Grand Army and classed it as higher than any of the other orders of wealth or title—a badge of the greatest sacrifice of the century. He urged all old veterans to become members and leave the honor of being such as a legacy to their children.

After speeches had been made by the other visitors, there was music and refreshments. The Duluth Glee club sang some old army songs and J. R. Conner sang a solo. The visitors returned to St. Paul at 11:35 o'clock.

Another Tournament.

The recent boxing tournament at the Temple has developed the fact that there are a large number of clever amateurs in Duluth who are anxious to exhibit their prowess in the squared circle. For some reason a number of them failed to appear for the recent events and they are not entirely satisfied with the result of the tournament.

Professor Ames, the physical director of the Y. M. C. A., has been approached by several ambitious amateurs and is considering the matter of arranging a tournament which will definitely decide the thing. The preliminaries and finals will be brought off on the same evening.

Fined the Barbers.

In police court this morning, K. R. Page for a second offense of drunkenness, was sent to jail for thirty days. Disrespectfully conduct sent Fred Miller along for ten days.

Charles Pidgeon and Peter La Tour were up for working on Sunday. Thomas D. Knappe, the physical director, charging that they did the deed in the barber shop at the corner of Twentieth and Second streets last Sunday. Pidgeon was fined \$1 and costs, La Tour was discharged.

Alfred Lavoxy, charged with non-support by a woman who declared that she was his wife, was discharged, after showing being brought in by the wife of another man and that she had no legal claim on Lavoxy.

6% MONEY TO LOAN! 7%

Money ready for any good loan. Applications wanted at once. No delay; no red tape. Some nice homes to rent in best localities.

Stryker, Manley & Buck.**BIRTHS AND DEATHS.**

Deaths as follows have been reported to the board of health: George Rothwell, West Duluth, aged 15 months, broncho-pneumonia; Carl Otto Johnson, 122 West Michigan street, aged 17 months, bronchitis; Catharina Rybakeryk, 1125 Lake avenue, aged 23 years, Bright's disease of the kidneys; Charles G. Halverstone, Twenty-eighth avenue west and Twelfth street, aged 15 months, capillary bronchitis. The death of Mary Grasshopper, at Nineteenth avenue east and Tenth street, aged 7 years, of consumption, has been reported. She is the fifth in a family of Chippewa Indians to die of consumption within two years.

The birth of a son to Martin and Sophia Smith, 141 West Michigan street, has been reported.

BUCKLE'S ARNICA SALVE.

The best salve in the world for cuts, bruises, sores, ulcers, chapped hands, corns, and all skin eruptions, and positively cures piles, no matter how bad, it is guaranteed to give perfect satisfaction or money refunded. 25 cents per box. For sale by Max Wirth.

Licenses Due Today.

Today, all dog, pool and billiard table licenses, dog, dog, dog, second-hand store and auctioneers' licenses become due and must be renewed at the city clerk's office or else the business discontinued, under penalty of arrest and prosecution under the city ordinances.

HAVE YOU HAD THE GRIP?

If you have you probably need a reliable medicine like Foley's Kidney and Bladder Pills. They will cure you of the grip and stop the spreading of the disease to others. Max Wirth.

SAVE PLINY OF MONEY.

**THE ENLARGED...
Shoe Dept.**

Shoe Supremacy is shown in the stock we carry.

Shoe buyers are the most exacting people who come to a store. The whole responsibility is right on the shoe—to be good, good looking and still comfortable. We like the ex-actness. We're more than met them, for we've made worthy, comfortable and serviceable shoes easy to pay for. That's why our shoe sales are constantly increasing. That's why we had to give the shoe dept. more room. It's the complete mastery of this business that brings you a countless stream of economies, even in the face of an advancing leather market. We sell only Men's and Boys' shoes, we concentrate our entire energies in those lines. The great facilities we command to buy and sell enable us to sell you shoes cheaper than any other store in Duluth. We've made-to-order facilities for those who need them, even to the making of special lasts to humor spots of deformity. We'll correct and prevent those discomforts of ill fitting shoes if the shoeing is left to us.

M. S. BURROWS & CO.**CLAUSEN WILL STICK.**

Foundationless Yarn Based on
the Late Veto.

The morning papers try to make a sensation out of an unfounded rumor to the effect that A. C. Clausen, chief grain inspector of the state, is to be succeeded by George P. Moulton, of Minneapolis. The foundation for the story, doubtless, was the governor's veto of the bill placing the employees of the grain department on a civil service basis, and the fact that Mr. Clausen was supposed to be in favor of the bill. State officials who are close to the governor and the grain inspector say that there is absolutely nothing in the rumor. Clausen is the best man who has ever served as chief grain inspector in the Northwest, and is personally very popular, not with grain men only, but with members of the railroad and warehouse commission, who appointed him, and with the governor. Besides, his term of office will not be out for a couple of years.

Mr. Pendleton Here.
Ira W. Pendleton arrived this morning from Denver, Col., and will remain here several days looking after his property interests. He owns the corner at West Superior street and First avenue west, next the auditorium building. Mr. Pendleton came through Omaha yesterday and says the weather is uncomfortably warm in that section. He finds a decided change in Duluth weather and says it takes some little time to get accustomed to it.

"My! how much building you are doing here," said Mr. Pendleton this morning. "I am astonished. I had no idea you were doing so much. Am I going to build? Well, I cannot say as to that at present. It is too good a corner to put anything but a handsome building on, and I do not know whether I can do that just now or not."

Fifty cents a week on mandalins at Coon's.

THE CHAUTAUQUA CIRCLE.
The Chautauqua circle meets on Wednesday and the following program will be given:

Imperial Flour.

Question that do you?...

Just try it once and be convinced.

Duluth Imperial Mill Co.

That bread-making contest will be June 1st.

DR. BUCHANAN.

Lease of Life Extended and Why Ordered.

Albany, N. Y., May 1.—Governor Morton has granted a further respite of one week from today to Dr. Buchanan, the murderer confined in Sing Sing, to permit of the dismissal of determination of the appeal filed by his counsel with the United States supreme court.

New York, May 1.—Once again the lifes have stepped in to prolong the life of the wife prisoner, Dr. Buchanan, who was to be electrocuted today in Sing Sing prison. The prison warden, after receiving a letter from Deputy Attorney General Hasbrouck, advising him to defer the killing of Dr. Buchanan until the appeal claimed to have been taken to the United States supreme court shall have been determined.

The appeal directly to the supreme court was taken after the refusal of Judge Brown, of the United States district court, to issue a writ of habeas corpus, and the action of the supreme court with reference to it will be awaited with interest in all parts of the United States.

The appeal was taken under the provisions of the Evans act, which provides that appeals may be taken directly from the district court to the supreme court of the United States in cases of conviction for a crime, or in any case that involves the construction or application of the constitution of the United States, or in any case of the constitutionality of any law of the United States that moves the attorney general of this state to concede he is unwilling to say the appeal in Dr.

Buchanan's case does conform to the practice that obtains in the United States courts.

RAILWAY SAWBONES.
Chicago, May 1.—The National Association of Railway Surgeons begins its eighth annual convention in Chicago today. Surgeons from every state in the Union and from Mexico, Canada and Manitoba were present at the first session in the Young Men's Christian association building. Dr. A. I. Bouillon, the chairman of the committee on arrangements, presided. The address of welcome was delivered by A. F. Walker, receiver for the Atchison, Topeka & Santa Fe railroad.

BANKER SHOVE ARRESTED.
Milwaukee, May 1.—A special to the Wisconsin from Manitowish, Wis., says T. C. Shove, of the defunct T. C. Shove Banking company, was arrested at Minneapolis today on a charge of receiving money when the bank was insolvent. A similar case against Shove was recently thrown out of court at Sheboygan.

BULL FIGHTING DYING OUT.
Mexico City, April 29.—Everything points to an early decadence of bull fighting which has been declining in the past six months in this capital and throughout the republic. The fight in the Buena Vista ring yesterday was particularly bad. This is probably the last fight which will be given for the present, and it is not yet decided whether the ring will be reopened with the coming of the new season.

BANKER SMITH'S CASES.
St. Paul, May 1.—A special to the Dispatch from Le Sueur, Minn., says: All the criminal cases against E. R. Smith, in connection with the failure of his bank here in 1893, have been taken to the supreme court as it is claimed that under the banking law of last winter Smith is not liable for criminal acts committed under the old statute.

HASTING'S PIONEER DEAD.
Hastings, Minn., May 1.—Hiram Frank, a pioneer resident of Hastings, died suddenly from heart failure, aged 69 years.

SETTLED

Practical Ending of the English and Nicaraguan War Cloud.

Republic Will Settle In Full and England Will Accept.

Several Surmises as to the Reliability of the Guarantee.

London, May 1.—In spite of the statement which emanated yesterday from the foreign office, saying that there has been no change in the attitude of Great Britain towards Nicaragua, it is learned that Great Britain has agreed to the proposed settlement of her dispute if the payment of the indemnity is guaranteed, in this case the British fleet will immediately withdraw from Corinto. It is not known what guarantee Great Britain demands for the payment of the indemnity, but it is believed in official circles that the affair is practically settled.

A WASHINGTON OPINION.
Washington, May 1.—The guarantee of the payment of the indemnity by Nicaragua as required by Great Britain will be made in the simplest manner possible, so that there appears to be no further obstacle between the two countries as to a final adjustment. The guarantee will be in any one of several forms as follows:
First, the promise of the Nicaraguan government, which is guaranteed by the United States is not regarded as an essential condition of the settlement.
Second, the Bank of Nicaragua, a national institution, will recognize the debt of the richest of Central American states, stands ready to deposit \$15,500 in a London bank if Nicaragua desires the favor.
Third, the Republic of Guatemala, one of the richest of Central American states, stands ready to deposit \$15,500 in a London bank if Nicaragua desires the favor.
Fourth, the Nicaraguan Canal company, whose work in London would be acceptable in the highest financial circles, will give either a guarantee or the cash if needed.
Besides these guarantees, any one of which is available and is regarded as ample, the Nicaraguan authorities are said to have the actual funds immediately available without calling for outside help, a guarantee by the United States is not regarded as essential under the foregoing circumstances.
Final disposition.
The final disposition of the dispute between Nicaragua and Great Britain will therefore be as follows: Great Britain agrees to immediately evacuate Corinto and withdraw her fleet. Nicaragua agrees to pay the \$15,500 in London fifteen days after the sailing of the fleet out of Corinto harbor. According to these terms, the fifteen days deadline for the settlement of the dispute has been met. The latter feature was insisted upon by Nicaragua as a means of checking popular opinion and as a step toward maintaining her dignity.
Dr. Guzman called at the state department at 11 o'clock today. Up to that time he had not received official confirmation of the settlement of the dispute. He was accompanied by the British minister, who was also present. The British minister, who was also present, was also present. The British minister, who was also present, was also present.

COAL MINERS.

Ohio Men Will Probably Determine For All.

Massillon, Ohio, May 1.—The first annual address of Michael Eatchford, state president of the Ohio miners, was issued today. Mr. Eatchford says that the coming Columbus convention is to determine whether the miners will maintain last year's price, or whether they will force an end to the cruel and dishonest competition under which they are being ground to the level of the lowest class of foreign labor.

For the first time in the history of Ohio, the miners called upon to fix a rate for the entire bituminous field. He concludes that if the miners of the country found their investment profitable last year, it will require no argument to cause it to be reaffirmed, but, as time has been proved, that it was a wild and untimely speculation, they should hesitate before repeating that memorable action.

Thus it will be seen, that although he makes no definite suggestion, practically he advises the Ohio miners to insist upon an increase over the present scale of 60 cents.

TROUBLES OF TRILBY.

Nothing Compared to the Present Dramatic Disputes.

Denver, Col., May 1.—When the suit of Harper Brothers and A. M. Palmer, against McKee Rankin and H. L. Wilder, was filed on the production of "Trilby" at the Lyceum theater came up before Judge Hallett in the federal court today the plaintiff's attorney brought forward in the Denver instance a further postponement.

The defendants objected saying the plaintiffs purpose was to keep the case in court until one of Brady's companies could play "Trilby" in Denver, thus depriving them of the profits to be reaped from an original production.

The court granted a continuance until next Wednesday, but said that in the meantime the Lyceum company could play "Trilby" and would not be evicted from the theater.

Two Trilby Tales.
Washington, May 1.—Librarian Spofford said today that the old "Trilby" suit, which was brought by the Harper Brothers, was unlike du Maurier's work in all save the name. The old book has been on sale here for some time.

SENATOR ELKINS.

Thinks Colorado Has the Say About Silver.

Leadville, Col., May 1.—United States Senator Stephen B. Elkins is in the city looking after mining interests. In speaking of the silver question, he said: "We all know that unless it is done it is doubtful whether the Republican party will solve this question satisfactorily to the majority of the American people."

Elkins is in the city looking after mining interests. In speaking of the silver question, he said: "We all know that unless it is done it is doubtful whether the Republican party will solve this question satisfactorily to the majority of the American people."

Elkins is in the city looking after mining interests. In speaking of the silver question, he said: "We all know that unless it is done it is doubtful whether the Republican party will solve this question satisfactorily to the majority of the American people."

WEARY OF INSOMNIA.

Manager Loper of the United Press, Woos Death.

Washington, May 1.—W. T. Loper, night editor of the United Press in New York city, committed suicide at the Arlington hotel here last night by inhaling gas.

Mr. Loper had been in bad health for some time past. He came to Washington on a short vacation. His principal ailment was insomnia.

Should no action be taken toward collecting the back interest, it is likely that the press would lose the silver men's support. The first year the bankers bid on the money and the city got the interest. Last year the bankers bid on the money and the city got the interest. Last year the bankers bid on the money and the city got the interest.

THE FIRST ARRIVAL.

Steamer Nicholas Came in at Ten O'clock Last Night.

The first boat of the season from the lower lakes came through the canal at 10:30 last evening, and she received the customary salute from every craft carrying a whistle in the harbor. She was the I. W. Nicholas, one of the Minch boats, leased by the Anchor line. She came up light for flour from Buffalo. Capt. Gerlach was surprised to find that his boat was the first to enter, as he supposed several were ahead of him.

All the way up was passed in a north-east gale. A number of Minnesota boats accompanied the Nicholas as far as Two Harbors, where they went in to load ore. A soft ice field was encountered off Stannard light, but there was no difficulty in getting through it. From Keweenaw Point on the journey was smooth with the exception of the heavy gales. A number of other boats followed later in the night and early this morning.

Port of Duluth.

ARRIVED.

Prop I. W. Nicholas, Buffalo; light for flour.

Prop Mariposa, Lake Erie; coal.

Prop E. C. Pope, Lake Erie; light for wheat.

THE SAULT PASSAGES.

Sault Ste. Marie, Mich., May 1.—(Special to The Herald.)—Up to J. C. Lockwood, 7 a. m. New Orleans, 9; Huron, 9:30; Mackinac City, 10. Down: Duluth, 9:30; Manistowic, 10; Two Harbors, 10:30; Christie, 11; Soudan, 11:30; Montana, 12:30; Duluth, 1:30.

A CHANGE IN PLANS.

Buffalo, May 1.—The Northern Steamship company will send the North West to Lake Michigan for the initial trip, as the North Land will not be ready. The North West will leave here at 9:30 p. m. on June 1, be Detroit at 11 a. m. to 3 p. m. on the 2d, in Mackinac from 9 a. m. to 12 m. on the 3d, in Milwaukee from 6 a. m. to 4 p. m. on the 4th, and in Chicago from 10 a. m. on the 5th to noon on the 7th. At Chicago she takes on a large party for Duluth. She will stop at Mackinac again from 8 to 11 a. m. on the 8th, at Soo from 3 to 5 p. m. on the 9th, leaving again next day on her regular trip to Duluth. She will take a party of invited guests from Buffalo, and will no doubt add to the number at the various stopping places.

MARINE MATTERS.

The Colgate Hoyt and 102 and 104 were chartered Monday to carry wheat to Buffalo, to load out with pig iron which has been kept here loaded during the winter. The rate was not made public, but it was said to have been 3 cents. The tow left last night.

The steamer E. C. Pope was the first of the boats from the lower lakes to get away. She came in light about 9 o'clock this morning and loaded 98,000 bushels of wheat—about 200 tons—at the Great Northern elevators and went out again about noon.

The tug Rob Anderson and Effie L. are out today picking up the raft lost Monday by the former.

The work of raising the Otogo is still in progress, and at 2 o'clock she was several feet up. A gale of six feet made yesterday was lost last night by the starting of planks from a gangway.

Clearance today: I. W. Nicholas, 12,000 barrels flour, Buffalo; Vanderbilt, 12,000 barrels flour, Buffalo; tugs Castle and Bennett, light, Ashland.

WILDE'S CASE.

Jury Disagreed and Another Trial Follows.

London, May 1.—In the Old Bailey court today, Justice Charles summed up the case against Oscar Wilde and Alfred Taylor, accused of serious indecency. The justice, in so doing, said that counsel for the prosecution acted wisely in withdrawing the charge of conspiracy brought against Wilde, as he (Justice Charles) would have ordered the jury to bring in a verdict of not guilty on that specification.

He admitted that there was corroboration of the witnesses, but the jury, he added, would have to weigh the characters of men like Parker, Wood and Atkins, whom Sir Edward Clarke, in the justice's opinion, properly described as blackmailers.

The jury retired at 1:30 p. m. and at 3 o'clock asked that lunch be given to them. After the lunch, the jury resumed their deliberations and afterwards returned and announced that there was no possibility of coming to an agreement as to a verdict.

Counsel for the prisoners then made application for bail, but his request was refused, and a fresh jury will probably be summoned.

VICTIMS OF THE TRAGEDY.

Louisville, Ky., May 1.—Yesterday's tragedy continues the all-absorbing story. Brown's remains were taken to Henderson, Ky. Brown's old home this morning. The governor, his wife, two daughters and John Young Brown, accompanied the body. The funeral will take place at 10 o'clock Thursday morning. Mrs. Gordon was buried in Cave Hill cemetery at 11 o'clock this morning.

Fulton Gordon was present in court this morning for trial. His attorneys demanded an immediate trial which was refused. They then asked for bail, but Judge Smith said that it was not a bailable case and he refused to allow the same. The case was then set for trial Saturday next at 3 o'clock.

THURSDAY

And Friday's Bargains at the Glass Block Store.

Three Days More of the Great Bankrupt Sale.

Saturday is Positively the Last Day.

Every Dollar's Worth of the Bankrupt Stock Must be Sold By

Saturday Night—Monday, Tuesday and Wednesday of Next

Week We Hold Our Ninth Annual Grand Spring Opening.

Watch the transformation that will take place at our store on Monday Morning and until that time come and see what we are doing with the balance of the Bankrupt purchase.

LARGEST CIRCULATION IN DULUTH

OFFICIAL PAPER OF CITY OF DULUTH.
Entered at the postoffice at Duluth,
Minn., as second-class matter.

HERALD'S CIRCULATION,

17,148
HIGH-WATER MARK.

THE WEATHER.

U. S. Agricultural Department. Weather Bureau, Duluth, Minn., May 1.—A trough of low pressure extends southeast along the western coast of the United States, with centers of disturbance in Kansas and Nebraska. The low extends from the Gulf of Mexico to the Rocky Mountains, with a high of 30.0 at Duluth. The weather is generally clear and cool, with a few light showers in the morning. The wind is from the west, with a velocity of 10 to 20 miles per hour. The temperature is from 50 to 60 degrees Fahrenheit.

JAMES KENDALL'S LOCAL FORECAST.

Chicago, May 1.—Forecast until 8 a. m. tomorrow: For Wisconsin: Showers west; fair in east portion tonight; Thursday probably showers; southeast winds. For Minnesota: Showers tonight and Thursday; southeast winds. On the upper lakes light to fresh southeast winds and warmer weather during the next three or four days. The low pressure area has remained practically stationary since Monday morning, and still covers the region from the Mississippi to the Rocky Mountains. Light rain has fallen on the Pacific coast; light showers in Utah, Wyoming, Colorado, New Mexico and Arizona. Showers well distributed throughout the Dakotas and Minnesota, and extreme Western Iowa. The rain line has slowly advanced eastward. The temperature is from 50 to 60 degrees Fahrenheit. The wind is from the west, with a velocity of 10 to 20 miles per hour.

COLUMBIAN COINAGE.

In July, 1890, W. D. Welles, of Duluth, now a member of the board of public works of this city, had a similar idea embodied in a circular letter which he sent to prominent financiers and public men throughout the city, and he received many replies endorsing this solution of the problem. In his circular letter, Mr. Welles said:

"Let congress make bimetallic bars and coin composed of equal value of gold and silver, upon the ratio of sixteen silver to one of gold, legal tender for all debts, public and private in the United States. The bimetallic bars to be of the value of \$500 and the coins \$1 and \$2. Let the government purchase or receive all the gold and silver presented when offered in equal amount, giving in return either the value in bimetallic coin, or their equivalent in treasury certificates in denominations required, not less than \$10, the certificate to be redeemable either in bimetallic bars or bimetallic coins; the government as fast as practicable to retire from circulation all the existing currency, legal tender notes, gold and silver certificates and national bank notes, the government to call in and convert into bimetallic bars and coin of the latter whatever amount of gold and silver (of legal tender) all the present gold and silver in circulation or in the treasury, thus giving the people of the United States a single, uniform and stable money—consisting entirely of gold and silver \$1 and \$2 pieces (part and part gold and silver) and the present subsidiary coinage of silver, nickel and copper. The new Columbian \$1 coin would be but a few grains heavier than the present silver half dollar and the Columbian bimetallic \$2 coin but slightly heavier than the present \$1 silver coin. The writer suggests that to make the new Columbian coin oval in shape, instead of round, would enable the simple, the blind and all who handle it, to distinguish it from the coins now in use and of a different value."

An objection raised to the composite dollar by the St. Paul Dispatch to the amount of gold in such a coin would not so characterize and distinguish it in color as to prevent the new composite dollar from being mistaken for the ordinary half dollar, and reference is made to the case of the trade dollar, and the 20-cent piece which were recalled and reissued in response to universal demand, and because of the infinitude of mistakes that were made in the current use of those two coins. The suggestion by Mr. Welles that the Columbian coins be made oval in shape seems to be a complete answer to this objection. An oval shaped coin would not be inconvenient to handle and its shape would distinguish it at once from the coins now in circulation. The more the subject of the composite or Columbian coin is studied, the greater the merits of the idea will appear. So far not a single insuperable objection to it has been presented.

ANOTHER STRONG TRIBUTE.

The suggestion of Senator Davis for the Republican nomination for president continues to receive friendly endorsement in the East as well as throughout the West. A few weeks ago the New York Times, a devoted supporter of President Cleveland, alluded to Senator Davis's candidacy in the most friendly terms, bestowing upon him high praise for his strong Americanism and his inspiring call last summer to the friends of law and order to stand up on behalf of the cause. Coming from a political opponent, such a tribute to Minnesota's senior senator was a rare honor, however richly it was deserved. Many other papers throughout the country have echoed the sentiments expressed by the Times, and it is evident that there is no Republican in public life who has gained a greater number of warm admirers during the past year, simply because he had the courage to express convictions that times-serving politicians, even if they entertained them, did not dare to utter. The latest tribute to Senator Davis is contained in the New York Tribune, the leading Republican paper of New York. In the course of a lengthy article, the Tribune says: "The incidents of such a preliminary canvass as that which has now begun cause general regret only when in some part of the country the exaltation of an individual seems to signify a selfish sectional feeling; a low order of intelligence and patriotism. There is no such suggestion in the case of Mr. Davis; on the contrary, the existence of conditions precisely the reverse of these is indicated wherever the mention of his name in connection with the presidency evokes sympathetic interest. It is exceedingly creditable to the people of Minnesota and the other Northwestern states if the idea of his candidacy is agreeable to them."

After relating the incident last summer which made Senator Davis famous from the Atlantic to the Pacific, the Tribune concludes: "The response of the country was instantaneous, for the first time a multitude of persons discerned the truth clearly, timorous statesmen were emboldened to say what they believed, and the president issued his proclamation. We said at the time that if Mr. Davis never did anything more for his country he would deserve lasting renown for that alone; and we have never seen any reason for modifying that opinion. The senator from Minnesota has an ample stock of moral courage behind his sound convictions on public questions, and the people of his own state honor themselves when they honor him. And therefore, now that the country is beginning to think about the momentous choice which it is to make next year, and the tentative candidates of various sections and parties are emerging into view, we derive a peculiar satisfaction from the circumstance that representative Republicans of the Northwest are signifying their inclination toward Senator Davis their adhesion to principles of which he is the embodiment."

THE STATE CENSUS.

The chamber of commerce was to consider the census question at this afternoon's meeting with a view of taking steps towards securing a correct enumeration of Duluth's population. It is a well known fact that the federal government has been unable to obtain a correct enumeration of the city, and it is very desirable that a recurrence of this condition of affairs should be avoided, and the chamber of commerce and other public bodies can do much to aid in securing an enumeration of the city's population that will be very complete and correct. It is highly important to have the coming state census embrace all the people living here, because the next legislative apportionment will be based upon it. Duluth's representation in the legislature is now very much smaller than it should be, when the size of the population is taken into consideration. Every effort should be made to obtain a complete enumeration this year, so that we may obtain the representation to which we are entitled.

Can the new census law, the blanks and other necessary papers must be in the hands of the enumerators by May 25, which of course means that the enumerators must all be appointed before that date. The work of taking the census will begin on June 1, and the last returns must be in the secretary's hands by July 1, giving two months in which the work must be done. A curious defect has been discovered in the present law, at the suggestion of Senator McCall, of St. Louis county, so that enumeration districts must not depart from township and ward lines. This means that in Duluth, following the law strictly, there can be only eight enumerators. This number will be too small to do the work in sixty days. Instead of having one enumerator for each ward in the city, there should be at least one enumerator for each election precinct.

The importance of early action to assist in securing a correct enumeration is therefore very urgent. If no more than eight enumerators be appointed for Duluth, we can hardly hope for a correct census. Perhaps the chamber of commerce or the common council can devise some plan to meet the emergency. Would it not be possible to pass an ordinance creating a ward out of each election precinct, the understanding being that this arrangement should be merely temporary, and the ordinance repealed after the completion of the census? If this could be done legally it would be possible to secure an enumerator for each precinct. But whatever is to be done, it must be done quickly, because the enumerators will be appointed during the present month.

The government of Newfoundland has decided to cut the salaries of all public officials from 10 to 20 per cent and to take away all perquisites. If

the government had taken this step several years ago and practiced economy in other directions, Newfoundland might not be in its present deplorable financial condition. But governments, as a rule, are like individuals: They never practice economy until they are compelled to do so by lack of funds.

"Farmer" Jones, who is a member of the legislature and aspires to be factory inspector, has encountered a snag in the shape of the state constitution which prohibits members of the legislature from holding any state office during their legislative term, or one year thereafter. The labor organizations, to whom Mr. Jones is very objectionable, will probably attend to the enforcement of this provision of the constitution.

Some people have been talking in a learned manner about the rise and fall of water in the Great Lakes and all sorts of scientific reasons have been presented. An old mariner on Lake Michigan has the best solution, however. He says when you have wet seasons you have high water; dry seasons, low water. This is an explanation that explains.

The impetuous Anglomaniacs in New York, who are always trying to make the price of sales, are in the depths of despair because of the statement that the price has hundreds of ordinary and dozens of dress suits ranging in cost from \$42.50 to \$100 each, in addition to seventy uniforms worth about \$50 each.

The Tennessee Democrats who swear by Grover Cleveland are making a great noise at present in favor of "honest money." But how about the honesty of Cleveland's money? The Tennessee Democrats are hardly unimpeachable.

May day is Europe's festival of labor. It is not generally observed in this country, as the first Monday in September is the holiday obtained by law in honor of labor in most of the states. Some of the wage-earners of Chicago, mostly of foreign birth, had a procession and demonstration today.

Hardly a day passes now, observes the Kansas City Star, without a rise in the price of cotton goods, flannels and other factory products, as the result of heavy demands from all parts of the country. The tide of prosperity has set in again and no wall built by high protection croakers will avail to check it.

And now it is claimed that the Alamo scheme is to become an issue in the presidential election. If this be true, the free silver Democrats may want to nominate Col. Gridley for the presidency.

And now Corbett and Fitzsimmons are talking again just as if they really intended to fight. But they keep a long distance apart, and there is no danger of any claret being spilled.

The news that a detachment of Spanish troops has been cut to pieces by a rebel force shows that the Cuban revolution is not as nearly ended as the Spanish authorities represent.

Mayor Starkweather, of Superior, has ordered the gambling houses closed, which is an indication that he does not consider that their presence adds to the city's prosperity.

Schweinfort, the pious old fraud of Rockford, Ill., who has been removed from his "heaven" to the county jail, doubtless believes that he has reached the other place.

Hetty Green was too smart for the New York assessors and proved that she lived in Vermont. She chose for a residence a town where taxes are light.

Grant Allen's "The Woman Who Did" is proving the book of the season in London, it having passed into its tenth large edition.

It may not be very many moons before the gold standard men will want to destroy "the silver lining of the clouds."

With the arrival of the first fleet from the lower lakes, the season of migration at Duluth is well under way.

J. Sterling Morton has not been heard from on a financial question for a whole week. Has he a sore mouth?

There is no question about this being spring weather. But happily there are various degrees of spring weather.

It would appear that Col. Breckinridge's code of morality had a few imitators in Kentucky.

DISPLAYS OF IGNORANCE. Norwegian topics, politics, literature, poets, are becoming numerous in the daily papers and it is only to be regretted that the writers, as a rule, are only displaying their ignorance without such as taking the trouble of reading up on the subject.

A SAFE POLICY. Chicagoan's domestic servant, a lover of peace, it is between Uncle Sam to have his ships of war in readiness for business at a moment's notice and to balk a few more of them right away.

ON THE DEAD. New York Sun: Does the earth wobble as it revolves? Why, certainly. Hoke Smith is not always at the same place on the earth's surface, but he moves from place to place. Of course it wobbles.

THE WEDGE IN CHINA. Philadelphia Ledger: The attempt to unite the European powers in opposition to Japan having failed, that independent group of countries to exploit the commercial privileges she has secured from China are for the present good of all countries, not for her exclusive use and advantage.

SAFETY IN THE WOODS. Philadelphia Record: Recent experiments have shown that the so-called tree marks on the bodies of persons struck by lightning are not really photographs of trees, but merely ramifications of the electric discharge. Statements in dread of presidential lightning may

MERITED REWARD.

SALES OF LYDIA E. PINKHAM'S VEGETABLE COMPOUND.

Unequalled in the History of Medicine. Honesty, Excellence, Faithfulness Filly Rewarded.

(SPECIAL TO OUR LADY READERS.)

Never in the history of medicine has the demand for one particular remedy for female diseases equalled that attained by Lydia E. Pinkham's Vegetable Compound and never in the history of medicine has the demand for it been so great as it is today.

from the Gulf to the St. Lawrence, come the gladsome women's sufferings relieved by it; and thousands upon thousands of letters are pouring in from grateful women, saying that it will and does positively cure these painful ailments of women.

It will cure the worst forms of female complaints, all ovarian troubles, inflammation and ulceration, falling and displacements of the womb and consequent spinal weakness, and is peculiarly adapted to the change of life. Every time it will cure Backache.

It has cured more cases of leucorrhoea by removing the cause, than any remedy the world has ever known; it is almost infallible in such cases. It dissolves and expels tumors from the uterus in an early stage of development, and checks any tendency to cancerous humors.

Lydia E. Pinkham's Liver Pills work in union with the Compound, and are a sure cure for constipation and sick-headache. Mrs. Pinkham's Sanative Wash is frequently found of great value for local application. Correspondence is freely solicited by the Lydia E. Pinkham Medicine Co., Lynn, Mass., and the strictest confidence assured. All druggists sell the Pinkham's remedies. The Vegetable Compound in three forms, Liquid, Pills, and Lozenges.

therefore take to the woods with the consciousness that they are safe against being branded with images of their unbecoming reticence.

SIGNIFICANT SIGN OF CONFIDENCE. Buffalo Express: The most encouraging sign since the panic of 1893 is the presentation during the last week of gold at the United States treasury in exchange for the redemption of paper notes. It shows a return of confidence. It also shows a fact which should never be lost sight of in framing financial legislation: That the people will use a paper and not a metallic medium.

POLITICS ARTIFICIALLY EXHILARATED. Brooklyn Eagle: Being accused of gross intemperance in the use of ardent beverages a Kansas state official, who is now in the habit of becoming intoxicated, shows by way of defense, that politicians are in the habit of becoming intoxicated. He should not be discriminated against for a fault which should never be lost sight of in framing financial legislation: That the people will use a paper and not a metallic medium.

SHOOT FOR CHAMPIONSHIP. Winona, May 1.—The record made by A. J. Van Dusen, of this city, who recently scored 200 points in 100 shots at 200 yards range, off hand, has attracted widespread interest, and has resulted in the issuing of a challenge by Gus Zimmerman, who offers to back Fred C. Ross, of Brooklyn, N. Y., against Van Dusen in a contest for the championship of America. Mr. Van Dusen has accepted the challenge. The conditions are as follows: One or three matches, 100 shots per man for each match, for \$1000 or more a side. Ross to meet Van Dusen on neutral range half way between New York and Minnesota. The date for the contest has not yet been decided upon.

THE DURANT CASE. San Francisco, May 1.—The evidence in the preliminary examination of W. H. Durant for the murder of Marian Williams in San Francisco, Judge Conlin will render his opinion next Thursday morning. He denied, for the time being, the truth of the defendant to dismiss the case. He also refused to admit Durant to bail.

TROUBLE AHEAD FOR JAPAN. Paris, May 1.—The Gaulois today announces that Russia has invited France and Germany to sign a note stating their objections to the treaty of peace arranged at Shimonoseki between the representatives of China and Japan and that the latter country be notified that the object of her signing this note will warrant armed intervention upon the part of the three powers which sign it.

WILL RESIST THE REDUCTION. Denver, Col., May 1.—The Railway company's employees have decided to resist in the courts the recent reduction of wages which they claim is in violation of the contract with them. They say the company's claim that business does not warrant payment of the rate paid during the winter is a mere pretext, as business is better now than it has been at any time since the panic, and is increasing every day.

RATES WILL BE MAINTAINED. St. Louis, May 1.—Beginning with today it has been decided by the roads of the St. Louis and Eastern Railway association that rates will be strictly maintained on all business from St. Louis and East St. Louis eastward, and from all gateway and junction points north of St. Louis controlled by the lines in the association.

GRASSHOPPERS IN MISSOURI. Excelsior Springs, Mo., May 1.—The farmers of Eastern Ray and Eastern Clay counties are alarmed over the coming of the grasshoppers, which have already been in appearance in considerable numbers. These have come long before their time, and it is feared their presence forebodes no good.

HIT IT MAY RECOVER. Washington, May 1.—Representative Hitt passed a comparatively restful day yesterday, his health showing improvement over yesterday. His chances of recovery are somewhat improved.

RUSSIAN TOWN FIRE-SWIFT. St. Petersburg, May 1.—A dispatch from Dubno in the government of Vol-

hynia announces that half the town has been destroyed by fire. Dubno has a population of about 5000, and contains numerous churches and a Greek abbey.

CLAIMS ARE FRAUDULENT. Denver, Col., May 1.—Judge Wilbur of the court of private claims, who has just returned from Spain, states that St. Mallet Prevost, the special assistant of the United States attorney general, appointed to represent the government in the Peraita-Reavis case, claims to have made the discovery that all the documents filed by Mrs. Peraita Reavis are fraudulent.

THE USUAL FIGURE. Philadelphia, May 1.—The directors of the Pennsylvania road today declared a semi-annual dividend of 2 1/2 per cent.

FRESH CALIFORNIA APRICOTS. Sacramento, Cal., May 1.—The first shipment of apricots this season has been shipped to Chicago.

MINT RECEIPTS LIGHT.

Gold Product Has Been Bought by Rothschilds.

Denver, Col., May 1.—The Rocky Mountain News today says: The gold receipts at the Denver mint have fallen off heavily in the past month in spite of increased production. There has been no increase in receipts at other mints and assay offices to account for the discrepancy.

The mystery has been solved. The smelters have been selling their product to the agents of the Rothschilds and others interested in the recent bond sale, instead of placing it in the mint. The same agents have been purchasing the larger retorts sent up from the principal gold mines, thus keeping a considerable quantity over and above the smelter product out of the mine.

These facts are vouched for by men who are in a position to know what is occurring in the inner circles. The receipts at the mint during the month just past have not exceeded one-half the expected amount. The smelter people do their business through New York agents and no doubt obtain a slight advance over the mint price. To them it is purely a business transaction and they of course sell in the best markets.

GROSS NEGLIGENCE. Mate and Lookout of the Crathie to Blame.

Lowestoft, Eng., May 1.—The coroner's jury which has been investigating the cause of the sinking of the North-German Lloyd steamship Elbe after a collision which occurred early in the morning of Jan. 28 last, returned a verdict today of gross negligence upon the part of the mate and lookout man of the British steamer Crathie which ran into and sank the Elbe.

The two men mentioned as shown by the testimony of Sharp, the steward of the Crathie, were found by him in the gallery of the steamer when the steward went on deck at 5 o'clock on the morning of the collision, although upon the port side of the Crathie were a number of lights which the steward then believed to be fishing boats. The three men stayed in the gallery until the collision occurred.

In spite of this, owing to the absence of evidence from the survivors of the Elbe, the jury found that there was not sufficient proof that the Crathie was solely to blame for the collision, and on the question of standing by the rule of the road, the jury exonerated Capt. Gordon, the commander of the Crathie from all blame.

NEWMARKET RACES.

American Strings Scratched in Today's Events.

Newmarket, May 1.—This was the second day of the first spring meeting at Newmarket and with beautiful weather there was an increased attendance. Mr. Dwyer's Don Alamo and Banquet were scratched for the Heath high weight handicap and his Harry Reed and Mr. Crokers' Eau de Cologne were scratched for the second wether handicap.

The 2000 guineas stake, 100 sovereigns each, half forfeit, for 3-year-old colts to carry 9 stone and fillies 8 stone 9 pounds, the owner of the second horse to receive 200 sovereigns out of the stake, and the third horse to save his place, was won by the colt owned by Mr. William Cooper's bay colt Kirk Connell, by Hampton, out of Sweet Sauce. Mr. Houlsworth's bay colt Laveno by Ben D'Or, out of Napoleon was second, and Lord Rosebery's Sir Vista, a bay colt, by Barcheldine, out of Vista, was third.

SHOOT FOR CHAMPIONSHIP. Winona, May 1.—The record made by A. J. Van Dusen, of this city, who recently scored 200 points in 100 shots at 200 yards range, off hand, has attracted widespread interest, and has resulted in the issuing of a challenge by Gus Zimmerman, who offers to back Fred C. Ross, of Brooklyn, N. Y., against Van Dusen in a contest for the championship of America. Mr. Van Dusen has accepted the challenge. The conditions are as follows: One or three matches, 100 shots per man for each match, for \$1000 or more a side. Ross to meet Van Dusen on neutral range half way between New York and Minnesota. The date for the contest has not yet been decided upon.

THE DURANT CASE. San Francisco, May 1.—The evidence in the preliminary examination of W. H. Durant for the murder of Marian Williams in San Francisco, Judge Conlin will render his opinion next Thursday morning. He denied, for the time being, the truth of the defendant to dismiss the case. He also refused to admit Durant to bail.

TROUBLE AHEAD FOR JAPAN. Paris, May 1.—The Gaulois today announces that Russia has invited France and Germany to sign a note stating their objections to the treaty of peace arranged at Shimonoseki between the representatives of China and Japan and that the latter country be notified that the object of her signing this note will warrant armed intervention upon the part of the three powers which sign it.

WILL RESIST THE REDUCTION. Denver, Col., May 1.—The Railway company's employees have decided to resist in the courts the recent reduction of wages which they claim is in violation of the contract with them. They say the company's claim that business does not warrant payment of the rate paid during the winter is a mere pretext, as business is better now than it has been at any time since the panic, and is increasing every day.

RATES WILL BE MAINTAINED. St. Louis, May 1.—Beginning with today it has been decided by the roads of the St. Louis and Eastern Railway association that rates will be strictly maintained on all business from St. Louis and East St. Louis eastward, and from all gateway and junction points north of St. Louis controlled by the lines in the association.

GRASSHOPPERS IN MISSOURI. Excelsior Springs, Mo., May 1.—The farmers of Eastern Ray and Eastern Clay counties are alarmed over the coming of the grasshoppers, which have already been in appearance in considerable numbers. These have come long before their time, and it is feared their presence forebodes no good.

HIT IT MAY RECOVER. Washington, May 1.—Representative Hitt passed a comparatively restful day yesterday, his health showing improvement over yesterday. His chances of recovery are somewhat improved.

RUSSIAN TOWN FIRE-SWIFT. St. Petersburg, May 1.—A dispatch from Dubno in the government of Vol-

hynia announces that half the town has been destroyed by fire. Dubno has a population of about 5000, and contains numerous churches and a Greek abbey.

For every quarter in a man's pocket there are a dozen uses; and to use each one in such a way as to derive the greatest benefit is a question every one must solve for himself. We believe, however, that no better use could be made of one of these quarters than to exchange it for a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, a medicine that every family should be provided with. For sale by all druggists.

rely tender to the sorrowing relatives of our late brother its deepest sympathy, with the assurance that their affliction is shared by each of his fellow members of this club; be it further resolved, that a page be set apart in our record for this memorial and that a copy of these resolutions be sent to the family of our deceased brother.

have thus far been unanimous in pronouncing it the best in quality, the most delicious in flavor, the best in every way. It's Lorillard's.

SMITH

A Bookkeeper With the Above Strange Name Is Missing.

San Francisco Litigants Want Both Him and a Book.

Probably a Key to the Late Fair Deals in Wheat.

San Francisco, May 2.—The mystery of bookkeeper Charles Smith's disappearance, which vanished on Sunday from the office of McLaughlin & Co., grain brokers, has not yet unraveled. It is said that his disappearance has some connection with the investigation of the fair wheat deal.

James S. Angus, Fair's confidential man has admitted that the deal in wheat was made by him. He has written orders signed by Fair and in other instances they came with verbal orders. When the orders were given, Angus always went to Fair and asked him if it was all right, and upon receiving the reply that it was, the money called for was paid over.

When the attorneys for Mrs. Herman Delichs and Miss Virginia Fair commenced their inquiry as to how much of the ex-warehouse money had been invested in wheat, Mr. Angus made no objection to Mr. Lloyd looking over his books, but when asked to compare the accounts of Mr. Angus with those of McLaughlin & Co. there was a mysterious disappearance of Smith, and an account book of the year the big wheat deal was being engineered disappeared with him.

Mr. Lloyd, one of the attorneys, positively declines to speak about his examination of the books of Mr. Angus, but it has now transpired that he is now seeking evidence which, if obtained, will show how certain orders were paid for money with which to buy wheat dealt at times when Fair was not in the city.

The attorneys for the Fair women are exceedingly anxious to find out where Smith is, and it is not unlikely that they are having a search made for him themselves. While none of the parties interested in the litigation over the Fair's account book cuts any particular figure in their interests yet they are all eager to find out something about him.

RAINS HAVE HELPED.
Kansas City, May 2.—The Associated Press from Oklahoma and Kansas points report a general rain last night. In Oklahoma, the rain lasting almost nine months, is broken and while wheat is beyond help, corn and oats and the crops will be greatly benefited. In some parts of the territory a strong wind preceded the rain. At Perry there was small cyclone and dust storm which did no great damage beyond the disabling of telegraph, telephone and electric light wires. No serious damage is reported from any point.

A SHOTGUN ACCIDENT.
Austin, Tex., May 1.—At breakfast time this morning while the family of Louis Maxwell, foreman of the Nolle & Co. lumber yard, were sitting around the table, a shotgun which one of the sons was handling went off suddenly. The charge of one barrel tore away the cheek of Mrs. Maxwell and seriously injured her shoulder, while the other barrel tore a hole in the head of Louis, exposing the brain. He will die.

WHY WERE THEY ARRESTED?
Bismarck, N. D., May 1.—Shortly after midnight 500 workmen marched in procession through the leading streets of this city until they were dispersed by the police who made several arrests. A report has reached here from Miskolitz

that there are numerous British gunboats which can easily go up the Yangtze river, and that the United States navy would be obliged to remain in the bay.

The contest of the advocates of light and deep draught gunboats is quite spirited. Secretary Herbert will decide as to which plan is preferable. The board of naval chiefs has been unable to agree.

SUNKEN WARSHIPS.
Kuang Hsu Sends Fine Silk to Mutou Hiti.

Vancouver, B. C., May 2.—Advises by the Empress of China state that the emperor of China has sent over 200 bolts of the most valuable silk to the emperor of Japan as a token of his desire for restoration of peace. Over 700 telegrams congratulating the Japanese on the armistice were received from the naval and military officers of various foreign powers.

A gentleman who recently examined the Chinese Yuen, the Chinese ironclad sunk at Wei Hai Wei, informed the "hochi" that the vessel is submerged under water covering her lower deck, the water level being visible. She was lying on an island with her funnels exposed and all her machinery and other articles on board strewn about in confusion.

A Chinese sailor who was on the Ling Yuen when she was sunk by the torpedo told the "hochi" informant that the vessel was by the time she was sunk, everything, including her guns, was thrown up in the shock of the explosion.

Among the passengers on board the Empress was J. L. Voth, of Hong Kong. When the vessel was sunk, the effect the war is likely to have on commerce in the Orient, he said it would greatly stimulate trade and largely assist in the opening up of China.

BELL TELEPHONE OPPOSITION.
City of Mexico, May 1.—The Standard Telephone company has decided not only to compete with the Bell Telephone company in the United States, but have organized a company with a capital of \$1,000,000 in gold to enter the field in Mexico. Application for a concession has been filed and it is no doubt will be granted.

MINNIE IS NAUGHTY.
London, May 1.—John R. Rogers, the theatrical manager, has filed a petition for divorce from his wife, Minnie Palmer, on the grounds of her alleged adultery with a man named Jervid, the suit, which is not defended, is proceeding.

CHANGING IN ERIB RECEIVERS.
New York, May 1.—John King has resigned the receivership of the Erie railway and E. B. Thomas has been appointed to the place.

Mr. D. P. Davis, a prominent lawyer and merchant of Goshen, has filed a petition for divorce from his wife, Minnie Palmer, on the grounds of her alleged adultery with a man named Jervid, the suit, which is not defended, is proceeding.

KNOWLEDGE
Brings comfort and improvement and tends to personal enjoyment when rightly used. The many who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the kidneys, liver and bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50 cent bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name Syrup of Figs, and being well informed, you will not accept any substitute if offered.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

ROYAL Baking Powder

ABSOLUTELY PURE

that a serious conflict has taken place between the police and a body of about 100 workmen who were celebrating May day. Several arrests are said to have been made.

LIGHT DRAFT SHIPS.
Naval Board Confronted With a Big Problem.

Washington, May 2.—The advocates of light draft boats in the navy are pointing out the practical illustration of the necessity of adopting their theory. The Atlanta has been ordered to Greytown, Nicaragua, to protect American interests in case there should be revolution and yet it is asserted that the vessel will not be able to get over the bar of the harbor and will be obliged to lay off two or three miles from the city.

Of course in the event of trouble troops could be sent ashore in boats, and some good-sized guns could also be landed, but the ship itself, with its heavy armament, would remain far out from the city. It is argued that a light draft gunboat of twelve feet or less would accomplish much better results by getting close to the locality of any possible disturbance.

The bar at Greytown is about fourteen feet under water and the Atlanta draws about eighteen feet, while the Montgomery which will take the Nicaraguan commission to Greytown is even deeper draught and the commission, with all its equipment, will have to go ashore in boats.

The desirability of having the new gunboats constructed so they can ascend South American rivers is also being urged on the secretary. It is

argued that there are numerous British gunboats which can easily go up the Yangtze river, and that the United States navy would be obliged to remain in the bay.

The contest of the advocates of light and deep draught gunboats is quite spirited. Secretary Herbert will decide as to which plan is preferable. The board of naval chiefs has been unable to agree.

MORTGAGE FORECLOSURE SALE.

Default having been made in the payment of the sum of four thousand and no cents (\$4,000.00) dollars, which is claimed to be due and is due at the date of this notice, on a certain mortgage, duly executed and delivered by Eliza H. Evans, of Bradford County, Pennsylvania, mortgagee, to A. L. Kilby, of Carthage, New York, mortgagee, bearing date the 15th day of August, 1886, and with a power of sale therein contained, duly recorded in the office of the register of deeds in and for the county of St. Louis and state of Minnesota, on the 6th day of September, 1894, at 1:30 o'clock p. m., in Book 20 of mortgages, on page 2. An undivided one-half interest in which said mortgage, together with a portion of the debt secured thereby, was duly assigned by said A. L. Kilby, mortgagee, to Lloyd E. Wilbur, by written assignment dated the 15th day of November, 1890, and recorded in the office of said register of deeds on the 21st day of March, 1895, at 10 o'clock a. m. in Book 12 of mortgages on page 23, and no action or proceeding having been instituted, at law or otherwise, to recover the debt secured by said mortgage or any part thereof.

Now, therefore, notice is hereby given, that by virtue of the power of sale contained in said mortgage and pursuant to the statutory provisions made and provided, the said mortgage will be foreclosed by a sale of the premises described in and conveyed by said mortgage, viz: All that tract or parcel of land situated, lying and being in the county of St. Louis and state of Minnesota, described as follows, to-wit: The southeast quarter (one) of section twenty-one (21) in township forty-five (45) north of range fifteen (15) west, according to the government survey thereof, subject to real-estate reservation made by St. Paul and Duluth Railroad Company, with the interest therein, and all appurtenances, which sale will be made by the sheriff of said St. Louis County, at the front door of the courthouse, in the city of Duluth in said county and state, on the 6th day of May, 1895, at 10 o'clock a. m., of that day, at public vendue, to the highest bidder for cash, to pay said debt of four thousand and no cents (\$4,000.00) dollars, and interest, and the taxes, if any, on said premises, and save to the said mortgagee, the sum of one hundred and twenty-five (125) cents, as attorney

CITY BRIEFS.

Cullum, dentist, Palladio, Phone No. 9. Schiffman makes the best gold crowns, smoke Eadon cigar, W. A. Eadie. It never disappoints, Imperial flour. The finest and best paid in the city of the municipal court for the month of April, as reported by Clerk Fairfax, amounted to \$1694.86.

The Duluth Heights Literary society gave a banquet last evening at the public hall to conclude its season's work. A fine program of music was given.

Company C yesterday escorted the body of F. H. Little to the depot. He was a member of the company. The body was shipped to Canada.

The funeral of Mrs. George C. Phillips took place yesterday from the Second Presbyterian church. Logan circle of the ladies of the G. A. R. gave a social last evening at the residence of Mrs. Asa Dickey in Lakeland. There was a program of music and recitations.

A son was born this morning to Mr. and Mrs. Malinda Matheson, of 318 East Fifth street.

The second boxing tournament will take place at the Pavilion next Wednesday evening. The lists will close Monday evening and all entries should be made with Director A. S. Ames, of the Y. M. C. A., before that time.

A marriage license has been issued to George Molen and Philomena Mares.

It is said that a movement is on foot to disorganize La Prairie as a village and to annex it to Grand Rapids.

The birth of a son to Ernest and Alvina Voss, Sixty-third avenue west, has been reported to the board of health.

For the month of April the gross receipts at the postoffice were \$286.51 and the expenses \$373.67.

PERSONAL.

J. L. Ingram and D. S. Clark, of Eau Claire, are in the city today.

George V. Winchell returned yesterday from Minneapolis. He is on his way to St. Paul.

M. K. Vining, of St. Paul, was at the city yesterday.

Andrew Stewart came down from Chicago yesterday.

Mayor Lewis returned from a visit to St. Paul and Minneapolis, where he will visit (revisits) and deliver for the relief committee a highly enjoyable affair.

S. Fairbanks, of Grand Rapids, N. D., is in the city.

Mr. and Mrs. A. J. Brackett, of Minneapolis, were at the Spaulding last evening.

Mr. D. R. Johnson, of Minneapolis, who will visit (revisits) and deliver for the relief committee a highly enjoyable affair.

Mrs. H. S. Nelson left yesterday for Rockford, Ill.

David H. Costello left for Minneapolis today to act as adjutant for the Pro-

MARINE MATTERS.

Another Dock Riot Expected at Marquette This Afternoon.

Marquette, Mich., May 2.—(Special to The Herald.)—Another dock riot is expected this afternoon with the iron ore trimmers. The contractors say they have engaged non-union men to trim the Wawatam now due. The local militia has been ordered to be in readiness at a minute's notice.

THE SALT PASSAGES. Sault Ste. Marie, Mich., May 2.—(Special to The Herald.)—Up: Michigan, 9:15 last night; Ontario, 11:30; Lake Huron, 6:30 a. m.; Northern King, 7:30; Colgate and consort, 8:30; Mayham, 9:30; C. H. Lockwood, 10:30; Mariska and consort, 10:30.

PASSED DETROIT. Detroit, May 2.—(Special to The Herald.)—Up: Olympia, 9:30 last night; Tampa, 11:20; Samuel Mitchell, 3 a. m.; Ford, 6:20; Devereux, Rochester, 8:40.

WHEAT TO KINGSTON. Cleveland, May 2.—(Special to The Herald.)—Telegrams from Duluth offer 34 cents for wheat to Kingston. One broker writes that it can probably get 35 cents.

A BAD POINT. Detroit, Mich., May 2.—The steamer Egan, schooner Winslow in tow, of the Inter-Ocean, and the McLachlin in tow of the Forbes, bound down, ran aground at Grosbeak point. The Winslow was released and the Saginaw is now working on the Egan and McLachlin.

THE PACKAGE FREIGHT. Buffalo, May 2.—The package-freight steiners are getting more business westward than eastward so far. All steamers going out with full loads, which is quite the exception. There is reason to think, though, that the flush freight to send forward here is a spur that will not last more than a week or two. It is mostly sugar and the rednettes are shut down now.

WILL COME TO DULUTH. Milwaukee, May 2.—The steamer American, which has arrived with coal, will go from here to Duluth to take wheat to Buffalo.

THE NORTH LAND. Buffalo, May 2.—The North Land will leave here on June 11 for her first trip, stopping at Cleveland, Detroit and Mackinac and making the round trip to Duluth in a week.

GENERAL NOTES. Vessels can cross the shoal spot at Lake St. Clair, Lake St. Clair, drawing sixteen feet and even a trifle more.

The half interest of Philip Minch in the lost steamer A. Everett was insured

for \$2000. Several small interests, including those of Capt. William Gerlach and Robert Wallace, were not covered by insurance.

A new Scotch-type boiler twelve feet three inches in diameter and eleven feet six inches long has been placed in the new dock beyond the canal, which is to be used in time as the headquarters for the human tug line.

RELEASED.

Ed Ingalls Could Not Sustain His Charge Against John McPhee.

Story of the Scrap and the Cause Given in the Testimony.

Judge Boyle Found McPhee Not Guilty and Discharged Him.

Ed Ingalls was not vindicated in police court this morning. The other day he made complaint charging John McPhee with assaulting him with a whip, while the two were disagreeing last Saturday as to which should have possession of a cord of wood.

After a long and tedious trial this morning, with heavy costs to the city in witness fees, and a long and unnecessary summing up by Special Judge Boyle, his honor rendered a decision to the effect that McPhee was not guilty.

The state, aside from the complaining witness, Mr. Ingalls himself, introduced as witnesses Ashley Mears, Robert Albeck, J. C. Marshall and W. S. Hays.

Then the defense had an exhibit, W. H. Hubbard, George Hare, Thomas Hare and Foster K. Polson, told what they saw of the rumpus. Then A. C. Taylor testified as to McPhee's peaceful character.

"He is the most inoffensive man I ever saw," said the receiver of the local United States land office, George Long, R. C. Day and S. E. Ketchum, who testified as to McPhee's lamby-like nature, after which the defendant had his say.

McPhee had a bill for wood against Ingalls and said Thursday night he went to collect the cash. Mr. Ingalls pleaded hard times and said he had no money.

McPhee then jumped into the alley and tried to pull the wood over the fence. Ingalls came out to stop that move.

McPhee kept on and then Ingalls tried to wrestle him. McPhee pushed him to one side and was rewarded with a couple of blows on the head.

McPhee then jumped into the alley and tried to pull the wood over the fence. Ingalls came out to stop that move.

McPhee kept on and then Ingalls tried to wrestle him. McPhee pushed him to one side and was rewarded with a couple of blows on the head.

"LIGHT" REFRESHMENTS.

Jokers in Evidence at the Masonic Banquet.

The Royal Arch Masons last evening conferred the chapter degree on three candidates. Dr. Cullum, A. W. Speyers and Frank Burrows, the contractor. A number of Superior Masons came over and assisted the local chapter.

Following the exercises there was a "banquet," which was really in the nature of a joke, and after the first disappointment had worn off was greatly amusing. W. H. Patton announced that there would be "light" refreshments in the banquet hall. Everybody was expecting quite a spread when they got down to the room and found was candle lights at their plates there was consternation, and then the joke dawned on them and a good laugh followed. Lemonade and crackers were then brought forth and as each guest drank from his glass a curious expression came over his face and he set it down again. The lemonade contained sugar, and was as sour as acid, in fact, some of the victims declared it was made of acid. Those in on the joke had no end of fun.

A number of speeches were made. W. H. Patton was toastmaster. Among those who spoke were J. E. Foster and G. H. Walker, of Superior, and Messrs. W. E. Covey, Frank Burrows, Dr. Cullum, W. W. Speyers, J. F. McLaren and others.

Today, according to the new law, is divorce day in district court and nearly all the divorce cases on the calendar were set to be heard, making eleven divorce cases in all for the day. There was no defense in any case, and all the applicants for divorce were successful.

In Judge Lewis' court Margaretta Johnson secured a divorce from Karl Johnson on the grounds of drunkenness, cruelty and non-support. Emma F. Bradley was divorced from George W. Bradley, the harbor, for desertion and non-support. The plaintiff received an order for the care of their four children, and for the defendant to pay \$5 per week alimony for the support of the children.

Elizabeth Gagnon secured a divorce from John Gagnon, the custody of her children and permission to resume her maiden name, charged with cruelty, drunkenness and non-support. William H. Koll was divorced from Mary Koll in Judge Moore's court. The ground was adultery committed at divers times in West Superior. Mary Robertson was released from her marriage relation with Robert Robertson on the grounds of ill-treatment and drunkenness. Edward L. Woodworth was divorced from Edmeda Woodworth on the ground of desertion. The case of Lillie Anderson against Omer L. Anderson was continued to be heard during the term, so as to give time to secure depositions affirming the wife's charges of cruelty and desertion.

The case of the Bishop Iron company against Thomas W. Hyde has been stricken from the calendar. In the case of G. F. Knapp against the United Ship Loan and Investment company et al., motions to strike out the answer and for judgment on the pleadings will be heard tomorrow.

Judge Lewis will have charge of the calendar in Room No. 2 yesterday afternoon and this morning. At noon it adjourned until 2 o'clock this afternoon without having returned any indictments to the jury.

DULUTH MILLS SHUT DOWN. Milwaukee, May 2.—A spot to the Wisconsin from Appleton, Wis., says the water in the Fox river fell to such a low stage last night that all the paper mills on the upper Fox were compelled to shut down. The situation seems to grow worse. If rain does not afford relief soon it is estimated that the United States government may order a suspension of all water power which would be a severe blow to the paper making interests of the Fox river valley.

PAPER MILLS SHUT DOWN. Duluth Imperial Mill Co.

POWDER

Manufactories of the Ex-
plosive Blow Up and
Kill Five Men.

Fatal Visitation to the Amer-
ican Powder Company
at South Acton.

Ruins Catch Fire and the
Flames Endanger the
Magazine.

South Acton, Mass., May 3.—This
morning one of the powder mills of the
American Powder company here blew
up. A few minutes later a second mill
situated 100 yards away also exploded.
Fire caused by the explosion spread to
the third mill, and in a few minutes it
blew up and was destroyed.

Five persons are known to have been
killed.

The woods close by the mill were set
on fire and burned fiercely threatening
the big storehouse of the company, con-
taining 20,000 pounds of powder, and
preventing the saving of property.

Fifty men were employed in the mills
and when the noise of the first explosion
was heard, those in the Corning mills,
about thirty in number, rushed out
from the building and escaped before
the flames spread to the mill.

The mills, ten in number, are separated
from each other and enclosed by
high board fences. The explosion of the
first mill set fire to the surrounding
fence and the flames soon spread to the
second mill. In fifteen minutes after the
first explosion three of the mills
had been destroyed. The list of dead
is as follows:

Charles O'Neil, Jr., unmarried.
Nelson Morton, married.
Frederick K. Winslow, married.
Charles Edles, unmarried.
A. Bates, leaves a widow and six
children.

All are from South Acton except
O'Neil, who is from Maynard, Mass.

COLOR LINES ABSENT.

**Women's Christian Temper-
ance Union at St. Louis.**

St. Louis, May 3.—Today's session of
the Mississippi Valley congress of
women was given up almost entirely
to the delivery of addresses and a gen-
eral discussion. Not least in interest
was the address of Mrs. Mary F. Pitts,
a colored lady interested in the work of
the W. C. T. U. in the South. She
spoke briefly of the great work done
among the colored women of the South
and the need of more active and
down dividing lines of caste and
gathered black and white into a great sister-
hood.

Miss Carrie Lee Carter said that such
a conference as the one she addresses
was an impossibility in the South, but
she was thankful that the right to
and that woman was now using her
mind to think for herself and was
doing for herself what had been done
before for her by man.

"Ghosts from State Legislatures," by
Miss Bertha Mitchell, the woman
lawyer of St. Louis, was a review of the
thousandth anniversary of the differ-
ent state bodies in the interest of women.
Many of these bodies, she said, had re-
solved to give the right to vote, but
she predicted the time would
come when women would have the same
right to go to the polls and cast their
ballot as man.

This afternoon the most important
work of the congress was transacted.
It consisted of the organization of the
Mississippi Valley council of women.

WILL NELLIE MARRY?

**Rumor Says Gen. Douglass is
the Intended.**

Washington, May 3.—The report from
Chicago that Mrs. Nellie Grant Sartoris
was to be married shortly to Gen. Hen-
ry Douglass, of Maryland, is generally
credited here by those who have a position to
know. Mrs. Sartoris herself, who is
here, declined to say anything this
morning on the subject. A similar re-
port gained currency over a year ago
but at that time it was denied.
Since then, however, Gen. Douglass,
who lives at Hagwood, Md., and is
adjutant general of the state, has been
paying Mrs. Sartoris devoted attention.
They are frequently seen together and
at all of the social functions of Mrs.
Grant and Mrs. Sartoris last winter.
Gen. Douglass was an honored guest
Mrs. Sartoris' friends in society have
believed the rumor for some time al-
though all information as to the ap-
proaching nuptials has been kept se-
cret.

It was at one time said that Mrs.
Grant opposed the union, but more re-
cently it is said that it has her ap-
proval. Gen. Douglass belongs to an
excellent Southern family. He was a
member of a Maryland confederate re-
giment during the war and is a hand-
some man of perhaps 35.
As a result of the reconciliation be-
tween Mrs. Sartoris and her father-in-
law shortly before the latter's death,
it is said that provision had been made
for Mrs. Sartoris' annuity to go to
her children. Allegedly the daughter
in law in case the widow took up
her permanent residence in the United
States or married again. This annuity
will, therefore, go to her children in
the event of her marriage to Gen.
Douglass.

DR. MURPHY IS PRESIDENT.

Chicago, May 3.—Dr. E. B. Murphy,
of Chicago, was elected president of
the National Association of Railway
Surgeons at its session today. The
contest for the presidency was a hot
one, several candidates being warmly
supported.

CATHERINE GING.

**Sister Will Get the Murdered
Girl's Insurance.**

Minneapolis, May 3.—An interesting
question has arisen as to the insurance
on the life of Catherine Ging, for
whose murder Harry Hayward is to
hang. Her twin sister, Julia Ging, of
Auburn, N. Y., has been appointed ad-
ministrator of her estate, and an effort
will be made to collect the \$10,000 insur-
ance.

The policies were assigned to Hay-
ward, and he will be made a party to
the suit. It is claimed that she took
out the policies in good faith, and that
the ulterior motives of Hayward cut
no figure in the liabilities of the com-
panies, the New York Life and the
Travelers' Accident.

The companies are not likely to resist
payment if the courts set aside the as-
signment to Hayward as fraudulent
and without consideration.

ITALY AND BRAZIL.

**They May Have Trouble Over
Some Claims.**

Washington, May 3.—Senator Mendon-
ca, the Brazilian minister here has no
official information concerning the re-
ported demand made by Italy upon the
Brazilian government for an answer
within seven days to Italy's demand
for losses sustained by Italian subjects
during the revolution. He is at present
in ignorance of the nature of the Italian
claim.

He recalled that Italy had preferred
some claims in 1894 arising out of al-
leged losses sustained by Italian sub-
jects during the war between Brazil
and Paraguay and Uruguay. But after
some correspondence at the time they
were allowed to lapse until the republic
was declared after the overthrow of
Dom Pedro. They were then again
presented in a modified form but were
considered so ridiculous by the Brazil-
ian government that they were not
pressed.

Senator Mendonca does not know
whether these claims are involved or
only the claims arising out of the da
Gama rebellion of 1893 at Rio de Janei-
ro. Upon a suggestion that Italy's de-
mand for an answer within seven days
was rather peremptory, the Brazilian
minister replied: "Brazil, of course,
will settle any just claims against her,
but Brazil is no more in a position to
be urged by a peremptory demand than
the United States."

REALISTIC COMBAT.

**Green Room Attraction of the
"Passing Show."**

Chicago, May 3.—Charles J. Ross and
Charles Canfield, both of the "Passing
Show" company, now playing at the
Chicago Opera house indulged in a liv-
ely fight last night in the green room
of the opera house. Ross, who is the
"wardrobe master" of the com-
pany, of not taking proper care of his
articles. From words the two soon
came to blows and the fight grew hot
and furious.

The delighted stage hands formed a
ring around the combatants and urged
them on. They fought all over the
green room, only ceasing hostilities
long enough to fall down a flight of
stairs into Ross' dressing room, where
the fight was renewed. When the men
were separated both were badly pun-
ished, Ross having the blackest kind of
a black eye.

The manager of the show did the re-
ference act by discharging Ross from the
company.

SLIPPERY BANKERS GO FREE.
Chicago, May 3.—Judge Whides today
discharged Charles J. and Frank R. Mc-
donough, charged with receiving money
for the insolvent bankers, from indict-
ment. Three indictments are still pending,
which the British consul was accused
of inciting rebellion, and for this reason
there is much apprehension as to
whether Great Britain will assent to
the obliteration of the old Mosquito
country which was the seat of all
British influence in Nicaragua.

The new state extends along almost
the entire Atlantic coast line of Nicara-
gua. The southern portion is near
Greytown, the eastern terminus of the
Nicaragua canal, and this fact has
drawn the country's chief importance.
Now that it is a Nicaraguan state,
Consul Hatch will have to be ac-
credited direct to the Nicaraguan gov-
ernment and not to the Mosquito
authorities. The return of the consul
one of the terms insisted on by Great
Britain.

SMUGGED

**Nicaragua Does Away With
Troublesome Mosquito
Reservation.**

Creates it Into a New State
to be Known as
Zelaya.

Not Known Yet How England
Will Regard This Lat-
est Move.

Washington, May 3.—The Nicaraguan
government has recently done away
with the Mosquito reservation, which
has been the cause of the recent
trouble, and has incorporated it as a
state of Nicaragua, with the name of
Department of Zelaya, named after the
president of the republic. This action
has been officially communicated to
the state department.

The significance of the movement has
attracted little public attention, but
it is stated by officials that it involves
greater considerations than the armed
occupation of Corinto. Now that the
latter crisis is past, officials are turn-
ing their attention to what Great
Britain will do toward Nicaragua's
course in creating the new state, and
thus indirectly terminating all British
authority or influence in the old Mos-
quito country.

Earl Kimberley has already given
notice to Nicaragua that this new ques-
tion will receive the kindly considera-
tion of her majesty's government
after the three demands of the ultimatum
are settled. The agreement
yesterday practically settles these de-
mands, only one of them the arbitra-
tion of damages to the property of
British subjects) remaining to be exe-
cuted. After that will come the kindly
consideration of Nicaragua's creation
of the state of Zelaya out of what has
long been a sort of British depend-
ency.

It is stated that the decision will
settle what further reference England
wishes to make to Nicaragua, as the
recognition of the new state will give
Nicaragua complete sovereignty over
all her territory. The importance of
the creation of the new state arises
from the political struggles since 1899
over the Mosquito country.

In that year England and Nicaragua
made a treaty by which Nicaragua
was given sovereignty over the Mos-
quito territory, but the latter retained
the right of self-government. This
latter right was so broadly construed
as to include a coining money, collect-
ing dues, etc.

So much trouble resulted that
Francis Joseph of Austria was called
in as arbitrator in 1894. His decision
was largely sentimental. It allowed
the Nicaraguan flag to be raised in the
country, and it gave the Mosquito
people their own flag. The conten-
tion as to who governed the country
continued until last year, when Nicara-
gua took forcible possession and ex-
pelled British Consul Hatch, who was
accused of encouraging a rebellion
against the Nicaraguan control of the
territory.

But while settlement has been pend-
ing, Nicaragua has permanently in-
trenched herself in the disputed ter-
ritory, and has established a com-
plete internal system of government.
It is an execution of the plan against
which the British consul was accused
of inciting rebellion, and for this reason
there is much apprehension as to
whether Great Britain will assent to
the obliteration of the old Mosquito
country which was the seat of all
British influence in Nicaragua.

NEWMARKET RACES.

**Closing Day of the First Spring
Meeting.**

Newmarket, May 3.—This was the
fourth and last day of the Newmarket
first spring meeting. The chief event
on the program was the 1000 guineas
stakes. The course was the Rowley
mile, distance one mile eleven yards.
The race was won by M. W. Cox's
bay filly Galeotia, by Gallop, out of
Agave. Sir James Miller's filly La Sar-
gosse, by Wisdom, out of St. Mary,
second and Lord Rosebery's brown filly
Gis, by Airship, out of Hummala,
third. Fifteen horses ran.

Daniel Cooper's Flot led until half
the distance was covered, when Mr.
Brassie's filly took the lead, but
yielded at the distance to Galeotia.
The latter won by three lengths.
The betting was 100 to 8 against
Galeotia and La Sarrosse and 20 to 1
against Gis.

OMAHA CROOKS ROUNDED UP.

Chicago, May 3.—Arthur Crane and
Frank Eastwood, director and secretary
of the O'Connell Trust Company, and
Savings society, of Omaha, were ar-
rested here by government authorities
today. The men with other officers of
the concern were indicted in Omaha
last November, it being alleged that
they were using the bank for purposes
similar to a lottery. The officers were
closed up immediately after the in-
dictments were returned and the offi-
cers disappeared, being located here
recently. The prisoners will be taken
back to Omaha tonight.

IDENTIFIED AT LAST.

Trenton, N. J., May 3.—The man
killed on the Pennsylvania railroad at
this place on Wednesday night has
been identified as George K. H. of 25
West Harrison street, Chicago.

AT WORK

Grand Jury Marched Into Court Today With Eight Indictments.

Charles L. Wentz, Perry L. Payne and A. J. Le Page Are Indicted.

Jury Is Now Laboring on Other Matters—Setting of Cases.

After two days labor for the grand jury at 10 o'clock this morning marched into the court room where Judge Moer was presiding and proudly presented eight indictments to the court through its foreman, M. A. Hays, as the result of its work. Then the jury again retired to its room and resumed its investigations into alleged offenses against the peace and dignity of the state of Minnesota.

This morning the grand jury was engaged on the cases of Barney Palmer, who was arrested last night on a charge of breaking into St. Paul & Duluth box cars, and Gus Reamer and George Ziegler, members of the notorious Reamer gang, who are accused of stealing hauled hay from box cars. Charles L. Wentz, formerly superintendent of the Duluth agency of the Metropolitan Life Insurance company, was indicted on two counts, one for forgery and one for grand larceny in the second degree. The indictment for grand larceny charges him with having, while acting as the company's agent, appropriated \$32.62 and appropriated it to his own use. The forgery indictment charges him with having forged the signature of Elizabeth Combs to a claimant's release, by which Mrs. Combs was supposed to release the claimant from the company for a consideration of \$5. The alleged forgery was not a brilliant one, as the signature of the instrument offered in evidence was by a mark.

Perry L. Payne, accused of abstracting various sums amounting in all to \$40 from John Wilke's grocery store, in which he was employed as a clerk, was indicted for grand larceny in the second degree. A. J. Le Page, a New Duluth druggist, was indicted for selling liquor without a license. The specific charges against him are that on April 4 he sold a pint of whisky to George Smith, another pint to Albert Crawford, and half a pint to William McCarty.

Andrew Fisher was indicted for assault in the second degree for having struck Patrolman George Miller with a policeman's club. Joe C. O'Connor was indicted for uttering a forged endorsement. He is accused of endorsing Frank E. Wymann's name to a \$15 check, signed by himself, and attempting to pass it upon S. C. Lawler. Thomas Cannon was indicted for grand larceny in the second degree for having stolen an overcoat belonging to Charles Russell from the Hotel Duluth.

John Carstairs, who answered to an indictment for malicious injury to property. He is accused of cutting timber on the land of Wallace Warner, R. P. Edson and Frank Burke.

The morning was devoted to the hearing of a few motions of no public importance, and court adjourned early. The following setting of cases for next week, which was made this morning, includes all but fifteen of the jury cases: Monday—12, 26, 33, 49, 65, 72, 73, 74, 76, 77, 78, 81. Tuesday—82, 94, 95, 96, 97, 100, 101, 104, 109, 110, 111. Wednesday—112, 115, 119, 121, 126, 127, 128, 129, 131, 134, 135, 140. Thursday—141, 142, 143, 144, 149, 153, 154, 159, 162, 165, 169. Friday—175, 184, 185, 189, 191, 22, 31, 34, 39, 64, 61, 68.

SPECTACLES.
F. D. Day & Co., OPTICIANS.
No. 315 W. Superior St. DULUTH, MINN.
Eyes examined free on presentation of this advertisement.

EYE GLASSES.
NEW SUITS BEGUN.
T. A. Lathrop et al. have sued Robert O'Brien et al. to annul a conveyance of land in Oakdale Park addition from O'Brien to W. H. Townsend, on the ground that the conveyance was without consideration, and that it was made with the intention of defrauding O'Brien's creditors.

Nels Hall has sued J. W. Burdick for \$372 on a note.

DENY INFRINGEMENT.
Affidavits and separate answers in the case of Camille Polier vs. Gabriel Clementson et al. were filed in the office of the federal court today. This is the case in which Polier enjoined Clementson Bros., of West Duluth, from manufacturing a certain kind of pack strap upon which he alleged to have a patent. The defendants deny that they have in any way infringed any patent claimed by Polier to be owned by him.

PAVILION IMPROVEMENTS.
The improvements at the Duluth Pavilion are well under way and will be about completed by a week from next Sunday. The stage fittings and scenery are expected daily and probably will be in place by Sunday. The entire building is to be repainted and no expense is to be spared either on improvements for the comfort of the patrons or on the attractions. Next Sunday the Duluth City band under Professor Meier will give both afternoon and evening concerts.

Duluth Monumental works advertisement, "want" column.
Pavilion Sunday. City band, two concerts.
Look this up at once. Lots 123 and 135, block 26, Third division, Duluth proper. Price \$900 each. Terms, one-half cash, balance in one year.
D. H. Stevenson & Co., 227 West Superior street.
Pavilion, come up Sunday train or shine.

SIMON CLARK GROCERY COMPANY,

118-120 West Superior St.

Good Flour

Must be used to bake bread or biscuit worth eating. There's nothing more tempting to the appetite than fine hot biscuit, but the best cook in this state can't make an A. 1 biscuit without a first-class flour such as Duluth Imperial. This flour is universally praised and the demand for this brand is increasing daily. This recognition is simply the reward of merit. When you order flour

ASK FOR
Duluth Imperial.

I. FREIMUTH.

Notice of Sale

—OF—

Delinquent Assessment.

City Controller's Office,
Duluth, Minn., April 25th, 1895.
Notice is hereby given to all parties
interested in the following parcels of
land, Chapter 5, of the city charter,
enacted on the 11th day of January, 1895,
and that on the 5th day of February,
1895, judgment was rendered by the
district court for the Eleventh Judicial
district against the following pieces and
parcels of land for delinquent assess-
ments.

Now therefore, in accordance with the
power of sale contained in said judg-
ment, I will offer the following pieces
and parcels of land for sale at public
auction at 10 o'clock in the forenoon
on the 6th day of May, 1895, at my of-
fice in the city hall, Duluth, Minne-
sota, to satisfy said judgments and
costs and interest thereon. If the same
shall not be paid prior to said hour of
sale.

W. G. TEN BROEK,
City Controller.

EDITION.

DULUTH EVENING HERALD

THIRTEENTH YEAR.

SATURDAY, MAY 4, 1895.

THIRTEEN CENTS

Charles Broadway says, one of the most successful
merchants of Duluth says:

**"You must Under-buy
To Under-sell
Your Competitors."**

We do it! Have the control of the best lines
in all branches and stick to them.
Buy largely and make our trade a big item to mills
and factories—(no middleman's profit in our prices.)
We convey the goods from the manufacturers to our
customers.

**We bought over 30,000 yards of
Ingrain Carpets from one Mill.**

That's Why We can sell All
Wool Ingrain at 40c
That's Why And heavier ones
at 50c
That's Why We show such a large line.
We sell such a lot of them.
That's Why We want to sell you.
That's Why You ought to look over our line.
You will want to buy of us.
You will get a good Carpet.

PARTIAL PAYMENT PLAN!

All Goods sold on this popular credit system
at cash prices and at 10 to 20 Per Cent
less than others here.

No Interest Charged.

THE DEADLY CYCLONE

**Northwestern Iowa Was Visited by a Terrific Storm Last
Night, Causing Heavy Loss of Life and Great
Destruction of Property.**

**There Are Fifty-Two People Known to be Dead and Some
Persons Estimate That Three Hundred
Have Been Killed.**

**Names of Some of the Victims of the Cyclone as it
Ploughed Its Way Through the Vil-
lages and Cities.**

Sioux City, Iowa, May 4.—At least
fifty-two people are believed to have
been killed in the terrible cyclone that
passed over this part of Iowa. Some
persons estimate the death toll be-
tween 200 and 300, but it is not believed
it will reach so high a figure.

No one, as yet, can tell how great the
loss of life is, or how extensive the
damage, from reports from the out-
lying districts have been received. The
telegraph wires in every section are
all down, and authentic information
is hard to get.

Three school houses are known to
have been demolished, two teachers
and several pupils and nearly a score
of others were killed, and many build-
ings have been wrecked. Those known
to be dead or missing are:

Mamie S. Haggle and five brothers,
killed near Sioux Center.
Mrs. John Kerster, near Sioux Center;
her child blown away and not yet
found.

Anna Marsden, teacher in Coombs
school near Ireton.

George Marsden, brother to Anna,
teacher in another school near Ireton.
Charles Marsden, killed near Sioux
Center.

Mrs. Post, killed near Sioux Center.
Rudolph Schwerdtfeger, aged 21,
killed by lightning near Sutherland.

Peter Stimmer, killed in his house
near Laurens by lightning.
Two children of L. B. Coombs, killed
near Sioux Center.

Mrs. John Waterman, killed near
Sibley.
Child of A. Verhoff, killed near Sioux
Center.

John Patterson.
William Ludrichs.
Mrs. R. W. Smith.
G. F. Balling.

Mrs. Herman Bellkamps and two
children.
Anna Holsting.
Bertha Doornburg.
H. G. Neiderfrank.
M. F. Hoyt.

J. Jamieson.
Besides the above a number were in-
jured, some fatally. A curious feature
of the cyclone was the accompaniment
of electrical violence, and many deaths
by lightning are reported.

The towns of Sioux Center, Ireton,
Orange City, Perkins, Deen, Hull, Shel-
don, Alton, Ashton, Sibley and Lemars
were almost directly in the path of the
cyclone. The cyclone was followed by
a furious wind and rain storm which
had not abated at an early hour this
morning.

Numerous victims were found lodged
in trees where they had been hurled by
the storm. Where had stood fine resi-
dences could be found nothing but
twisted timbers, while strewn all over
the ground were portions of the build-
ings and furniture, bearing not the
least semblance to their original form
and useless except for kindling. Fields
of sprouting grain are now bare, trees
are uprooted and all is desolation along
the path of the cyclone.

A pitiful feature of the disaster is
the number of youthful lives crushed
out by the wind. Three schoolhouses
were leaving the schoolhouse and dashed
into a wire fence and both killed. Two
sons of C. H. Haggle, at the same
schoolhouse, had their legs broken and
received other injuries which will prove
fatal. Mr. Haggle's house is near the
school, and although he escaped, his
daughter was so badly injured that she
cannot live.

STREET CARS STOPPED.
**Des Moines Was But Very
Lightly Touched.**

Des Moines, Iowa, May 4.—A cyclone
passed in a northwesterly direction
about ten miles west of this city last
night. It crossed the Chicago Great
Western tracks near Orilla and inter-
rupted telegraphic communication. No
definite reports of extensive loss of
property or of life have been received.

A hard windstorm struck Des Moines.
It was accompanied by electrical man-
ifestations, which created havoc with
the local telephone and telegraphic ser-
vice. The managers of the electric
street railway had been warned by tele-
grams from Omaha and Sioux City
and stopped traffic and interrupted

news of the extent of the damage and
loss of life will be coming in fairly re-
sulting from now on.

A RAILROAD REPORT.
Chicago, May 4.—The Northwestern
Railroad company's official report from
three points says: "A cyclone started
about four miles north of Ireton yester-
day afternoon and traveled fourteen
miles in an easterly direction. Five
schoolhouses were destroyed, twenty
lives were lost and many people injured.
Particulars meager."

DAMAGE IN SOUTH DAKOTA.
Webster, S. D., May 4.—The northern
portion of Spink county, S. D., was
swept by a cyclone last night. The
greatest damage so far reported was
at Ashton, where the opera house was
blown down, the Congregational church
demolished and many houses and barns
destroyed. Farm houses, grain buildings,
granaries and barns for miles east of
Ashton are completely blown away. The
cyclone was down and it is im-
possible to learn whether anyone was
killed or injured in the stricken town.

GLASS BROKEN AT BOONE.
Boone, Iowa, May 4.—A terrific storm
last night blew in great sheets of plate
glass store fronts and did great damage
generally.

DAMAGE NEAR HURON.
Huron, S. D., May 4.—During a rain
storm yesterday afternoon a cyclone
struck at Cain creek, about nine miles
south of Huron, passing in a southeast
direction, and took one-half the roof off
Martin Baum's house and carried it a
half mile. A large barn which Baum
completed last fall was blown into a
wreck and the granaries were wrecked.

STATE CAPITOL DAMAGED.
Des Moines, May 4.—The storm here
last night broke through the large glass win-
dows in the state library and commit-
tee rooms in the state house and par-
tially unroofed the west wing. The
grand stand of the ball grounds at
Walnut Creek where Sunday games
are played was demolished. Passen-
gers on trains arriving say the storm
was very severe north and many of
them were badly frightened. This city
being far south, caught the end of the
storm after its force was spent.

The cyclone was of great severity which
passed just north of Sioux Center yester-
day afternoon. It blew the walls of a
block, the Osgood structure was
crushed and Miss Hattie Church was
instantly killed. Five other people are
under the ruins.

TO DEFEND THE CUP.
**Dyer, of Minnetonka, May Build
an 80-Footer.**

Minnetonka, May 4.—The Journal says
this afternoon that if there is time, Ar-
thur Dyer, the Minnetonka boat builder,
will be commissioned to build an 80-footer
of the Onawa type to defend the Ameri-
can Cup.

The order will come from a Boston syn-
dicate of yachtsmen who have watched
the performance of the Salmon, a 48-
foot boat built for W. C. Hustis, of Boston,
by Dyer this winter.

It is given out that she has made re-
markable time in Buzzards bay in a whole
sail race and is believed to be faster than
any yet discovered.

ENGLISH CABINET CRISIS.
London, May 4.—The St. James Gazette
this afternoon follows up a column in the
Times as to a cabinet crisis, and says
that the differences of opinion are due
to the chancellor of the exchequer, Sir
William Vernon Harcourt desiring to
have the local veto bill brought in
for its second reading immediately, the rest
of the cabinet being in favor of a delay
of postponing, because it is known that
several Liberal members of the cabinet
will be defeated. Even the most
sanguine supporters of the measure only
count upon a majority of eight.

FATAL WHIRL SHIFTS.
Owatonna, Minn., May 4.—A cyclone
has been recorded in this city of the tragic
death of Ten Whirls, which occurred
yesterday in the city of Owatonna. Three
miles north of this city, the little fellow
whirl in the city of Owatonna and went
into the basement, where he be-
came a water wheel. When found his body
was a mass of twisted iron. He was
broken in many places and his
brain was shattered over the adjoin-
ing woodwork. No one witnessed the ac-
cident.

MUST STAND TRIAL.
Madison, Wis., May 4.—Judge Dunn, in
the United States court today overruled
the demurrer of defendants in the
case of the government against Henry
lauff, McCord, Osborn, et al, charged
with conspiracy to defraud the govern-
ment by a scheme to obtain a title to
large tracts of land in the Hawarden
land district at the time Heydland was
receiver of the land office at Ashland.

A TWENTY-YEAR SENTENCE.
Chicago, May 4.—Maggie Miller, the col-
ored murderess, who claimed to have
27 years in the penitentiary by Judge Cuf-
ford today for the murder of Charles Mil-
ler. She withdrew a plea of not guilty
on which a jury had recommended a life
sentence and pleaded guilty.

THE COURT FILINGS.
The bond of Nels J. Benson in the
sum of \$2000 as receiver of the Lake
Vermilion steamer Moose was filed in
the office of the district clerk this morn-
ing.

Judge Lewis has filed an order dis-
charging W. B. Beck as assessor of
Iver Wisted.

W. E. Richardson has sued May
Lewis Elder for \$233.25 on an account
with the American Loan and Trust
company. He has also sued Mary H.
Lewis and May L. Elder for \$1867.72 on
another account with the same com-
pany.

IOWA AGAINST FREE SILVER.
Washington, May 4.—J. J. Richard-
son, member of the Democratic com-
mittee of Iowa, was in the White
House today and talked about the money
campaign that is going on in the
West. He says that Iowa has not been
so badly affected by the silver senti-
ment as some other of the states, and
he thought the people there are largely
against free silver.

AGROUND

**The North Wind Aground at
Head of Hay Lake
Channel.**

**Hole Punched in Bottom
Plates and Freight Must
be Lightered.**

**Ore Cargoes to South Chi-
cago Offered at Seventy-
Five Cents.**

Sault Ste. Marie, Mich., May 4.—
(Special to The Herald.)—The North
Wind, bound down, is aground at the
head of Hay lake channel, at the same
spot where the Schuyler Eddy and the
Kearsarge stranded. A hole has been
punched in her bottom plates. Fully
500 tons of freight must be lightered.
The cause of these three expensive
strandings in as many days is because
there is not a can buoy at the turn at
the head of Hay lake channel. There
are four or five stakes there, but the
masters have trouble in picking the
proper one. The proper stake is about
the size of a fish pole.

THE SAULT PASSAGES.
Sault Ste. Marie, Mich., May 4.—
(Special to The Herald.)—Up: Whit-
ney and consort, 10 last night; Mad-
agascar and consort, 11; Northern
Queen, midnight; Kirby, 1 a. m.; Fay-
ette Brown and consort, 2; America,
6:30; Curry, 7; Hadley, 7:30;
Fuebio, 8; Nicholas, Colorado, 10;
Down: North Wind, 11:30 last night;
Roby, 12:30 a. m.; Choctaw, La Salle, 9.

ORE CARGOES OFFERED.
Cleveland, May 4.—(Special to The
Herald.)—A few ore cargoes to go from
the head of the lakes to South Chicago
are offered at 75 cents, but there is
little for Ohio ports. Escanaba loads
are plentiful at 40 cents.

PASSED PORT HURON.
Port Huron, Mich., May 4.—(Special
to The Herald.)—Down: Samuel May,
shall, 2 a. m.; Arizona and consort, 5;
Pope, 6; Up: Neshoto, 9:40 a. m.; M.
M. Drake, Wind south, light.

UP AT DETROIT.
Detroit, Mich., May 4.—(Special to
The Herald.)—Up: Yukon, 10 last
night; Naples, 5 a. m.; Glasgow, Alber-
deen, 6:40; Hebard and consort, 7;
Ward, 7:10; Centurion, 7:30; Northern
Light, 10:20; Wright, 10:50.

CAPT. DOBBS DEAD.
Oswego, N. Y., May 4.—Capt. Thomas
Dobbs, an extensive vessel owner, and
widely known along the great lakes,
died today, aged 80 years.

WILL BE A CONVENIENCE.
Sault Ste. Marie, Mich., May 4.—(Special
to The Herald.)—The Postal Telegraph
Company has established an office
on the harbor front at this port espe-
cially for the convenience of the marine
service. The office is in the building
formerly occupied by the Lake Superior
Transit company, situated adjacent to
the south shore ore shipping office and
midway between ore docks Nos. 1 and
4. An operator will be in charge night
and day.

THE WATER IN THE CANAL.
Sault Ste. Marie, Mich., May 4.—
(Special to The Herald.)—The depth of
water over the mill race in St. Mary's
ship canal is thirteen feet, eight inches.

THE KEARSARGE RELEASED.
Sault Ste. Marie, Mich., May 4.—
The Kearsarge was released from Head
Top Sail Island, near red stake, at 2
o'clock yesterday afternoon by the tug
Gladiator and the lighter Monitor. She
lightered 250 tons of ore and cleared at
daylight. The tug Gladiator will tow
the lighter Monitor to Big Mud lake,
where the ore will be placed aboard her.

Port of Duluth.
ARRIVED.
Prop Thomas Maytham, Buffalo;
light for grain.
Prop C. B. Lockwood, Lake Erie; light
for ore.
Prop Vega, Lake Erie; light for ore.
Prop Alva, Buffalo; light for grain.
Prop James Fisk, Jr., Buffalo; light
for ore.
Prop Vulcan, Lake Erie; light for ore.
Prop Brazil, Buffalo; light for grain.
Prop R. E. Schuck, Lake Erie; light
for ore.
Schr Pentland, Lake Erie; light for
lumber.
Prop Miles, Montreal; light for flour.
Prop Gratwick, Buffalo; merchan-
dise.
Prop Nyanza, Buffalo; light for grain.

DEPARTED.
Prop City of London, Buffalo; wheat.
Prop New Orleans, Buffalo; wheat.
Prop Mahoning, Buffalo; flour.
Prop Maytham, Buffalo; grain.
Prop J. B. Trevor, Lake Erie; ore.
Barge 105, Lake Erie; ore.
Barge 125, Lake Erie; ore.
Prop Martians, Two Harbors; light
for ore.
Prop Vulcan, Lake Erie; ore.
Prop R. E. Schuck, Lake Erie; ore.

MARINER NOTES.
The Inman tug Boh Anderson this
morning brought in the largest raft
ever taken from the American river.
There were 200 boomsticks and the raft
contained about 2,000,000 feet of logs.
They are for different parties and the
raft was taken up to the sorting boom.

Two cargoes of wheat to Kingston
were made yesterday at 35 cents, ves-
sels paying tolls.

SENTENCED FOR LIFE.
**Claus Blixt Pleads Guilty of
Kittie Ging's Murder.**

Minneapolis, May 4.—Although the
trial of Claus A. Blixt was not expected
to occur until May 14, the self-confessed
murderer decided yesterday to plead
guilty at once and let his atonement for
the heartless killing of Catherine Ging
commence. His attorney pointed out
to him that if he stood trial the jury
probably would not convict him of
murder in the first degree, and that he
would thus escape hanging, but Blixt
preferred to confess his guilt and throw
himself on the mercy of Judge Pond.

Accordingly this morning Blixt was
brought into court and changed his
plea to guilty. County Attorney Nye
said that while the crime was one of
the most cruel and revolting on record,
yet it was evident that he was not a
deeply guilty as Harry Hayward, nor
so worthy of hanging. He was a man
of a low order of intelligence and of
weak will power. He had been influ-
enced by the superior mentality of
Hayward to commit the horrible crime
and the county attorney believed that
the ends of justice would be subserved
if the prisoner was sentenced to the
penitentiary for life.

R. R. O'Dell, his attorney, explained
his position and then Judge Pond
asked Blixt if he had anything to say.
He replied: "No, your honor. I am
willing to leave the whole matter to the
court and to God in heaven."

Judge Pond thereupon, after charac-
terizing the crime as most cruel and
revolting, declared that his first im-
pulse was not to remit the death pen-
alty, but he had been moved by the
considerations urged by the attorneys,
by the services of the prisoner in help-
ing truth to prevail in the case of Har-
ward, and by other considerations not
necessary to rehearse, that there are
sentenced Blixt to spend the rest of his
life in the Stillwater penitentiary.

The prisoner was led away with a
happy smile on his face. His conver-
sion seems to be sincere, and his action
today was in accordance with the ad-
vice of his wife and Rev. E. A. Skogs-
berg, his spiritual adviser.

MAY ABOLISH IT.
**Sentiment in Favor of Discon-
tinuing the Training School.**

There is a possibility that after the
present school year the Washington
training school will not be in existence.
According to grape vine intelligence re-
ceived by The Herald, the committee on
schools and teachers will unanimously
report at the meeting this evening in
favor of abolishing that institution.

The grounds for this are that the in-
stitution is too much of an expense these
times, and that there are other fea-
tures not wholly satisfactory. It is also
claimed that a majority of the mem-
bers of the board will support such a
report.

This bit of news, if true, and The Her-
ald feels certain that it is, will prove
a great surprise to most people in Du-
luth, although certain citizens, not
members of the board have advocated
the movement.

Miss Harris, who has been principal
of the training school and labored hard
for its success the past three years, has
received \$1200 a year. The board will
not turn her in the cold world, but
will give her a principalship of a ward
school, if she is willing to accept the
going salary of \$1000 a year.

A reporter called at Superintendent
Denfeld's office to inquire into the re-
ported plan to abolish the training
school, and said that he had no doubt
whether he would be at the office
today or not.

Messrs Fryor and McDonald, mem-
bers of the committee on schools and
teachers were found closed doors, to-
gether in the Palladio office of the
latter.

"Can you tell me anything about this
plan to abolish the Washington train-
ing school?" asked the reporter.

"No, sir, we can tell you nothing, one
way or another," replied Mr. Fryor.
"Whatever we report tonight will be
in open view of the board, and no ac-
tion taken will be in the same man-
ner. You can be present if you wish,
and hear what you can."

"Oh, no," chimed in Mr. McDonald,
"we cannot say anything. We have
pretty well decided what matters we
will report on, but we cannot tell you
anything about it."

Both gentlemen were obdurate, so the
reporter gave them up as a bad job.
Reports on the selection of grade
teachers will also be made this even-
ing.

JAPAN'S ANSWER.
Washington, May 4.—Information has
reached Washington to show that, in
response to Russian intimations, Japan
has abated her claims to the cession of
Chinese territory in Manchuria, and
has agreed to demand only the abso-
lute cession of the extremity of the Port
Arthur peninsula as far north as the
including Taitien Wan. In return for
this relinquishment of territory, Japan
will demand a considerable increase of
the war indemnity, originally fixed at
200,000,000 taels. It is feared that this
cession will not be sufficient to meet
the demands of Russia, which will in-
sist upon an entire abandonment of
Liaotung peninsula.

A MURDEROUS FRENCHMAN.
Oakland, Cal., May 4.—Thomas
Thome, a French shoemaker, today
stabbed two of his daughters, one fa-
tally. The other's wound is dangerous.
Thome then killed himself. His dissi-
pation had caused a family separation.
He went this morning to a laundry con-
ducted by his wife, saying to her, "I
have come to kill you." She fled to the
street. Thome then went to the room
where his daughters were in bed and
stabbed one six times in the
breast and chest. The other daughter
was stabbed in the abdomen.

NEW BOILER INSPECTOR.
St. Paul, May 4.—Governor Clough
this morning brought the agency of
various candidates for the position of
state boiler inspector for the Fourth
district to an end, and appointed
representative J. B. Sutton, of Stillwater,
to the position.

**I have found the ROYAL BAKING POWDER to be an absolutely pure cream o
tartar powder, entirely free from alum and ammonia, and of the very highes
leavening power.**

CHARLES W. DREW, Ph. B., M. D.
Late Chemist to the Minn. State Dairy and Food De

POTATOES

West Duluth People Are Going Into Gardening Extensively.

Introduction of the Pingree Plan Has Furnished the Stimulus.

The Eighth Ward Appropriation for Seed Will Soon be Exhausted.

The Pingree potato plan promises to be a successful experiment in West Duluth this summer. The applications for seed are coming in rapidly and the amount allowed for the eighth ward will probably be far too small to meet the demand. There is a large amount of unoccupied territory both in the seventh and eighth wards suitable for the purpose and there are a large number of people who appear to be ready and willing to take advantage of the generosity of the city fathers in providing the seed.

The agitation on this subject together with the hard times has stirred a boom in gardening such as has never been seen here before. There is a raking, scraping and digging up of back yards which answers well for a spirit of economy and fresh vegetables. Heretofore owing to the lack of interest in gardening and other home like surroundings the place has had somewhat the appearance of a slum town. The breaking up of the sod and the tilling of the soil is doing much to take away this wild and woolly condition of things.

WEST DULUTH BRIEFS.
Mrs. Henry Hattick, aged 36 years, died of heart disease last evening at 9:15. Buried at St. Paul church on Sunday at 2 p. m. The deceased leaves a husband and two children.

Born—Yesterday to Clarke Esmond and wife, a daughter.

Christopher Murphy is down from Grand Rapids on business.

It is understood that a West Duluth young man, who has been making frequent trips to the Twin Cities of late, will discontinue his journey by bringing back with him a young lady, the object of which has proved such an attraction to him.

P. Behn, of St. Paul, is visiting in the city.

Dan McKenzie is back from a trip to North Dakota.

E. D. Williams has returned from Mississippi.

Jennie, the 10-year-old daughter of C. H. Lyman, of Proctorville, died on May 1.

W. H. McNeil has secured the contract of sawing the shingle output of W. H. Hombach's mill at New Duluth.

Mrs. Evanson and family, who have been visiting Mr. and Mrs. O. B. Schibler, left yesterday for their home at Baldwin, Wis.

T. Hallett and Andrew Schibler are stopping with Capt. Randall, Contractor Coleman, of West Duluth. The Government East Mail Line. The most comfortable Parlor Cars. The best and most frequent Service. Safety, Speed, Comfort, Elegance. Secure sleeping berths early. Apply to any ticket agent, or address J. F. Conley, Asst. Gen. Pass. Agt., St. Paul, Minn.

CHEAP RATES TO DENVER.
The convention of the National Educational association will be held this year, July 2 to 12, Denver, Colo. A very low rate, not more than \$27.50 for return from St. Paul and Minneapolis will be made by the Minneapolis & St. Louis railroad, with correspondingly low rates from other points. An elegant vestibule train with modern appointments will run through on every fast time. No change of cars. Magnificent service.

For further information, address A. B. Curtis, G. T. & P. A., Minneapolis, Minn.

A popular place for people, Pavilion.

CLERKS ARE WANTED.
It costs you nothing to advertise for a situation in The Evening Herald.

SAVE PLENTY OF MONEY.
By having Duluth Van company to move your office fixtures and safes.

FOR RENT.
Houses in good locality. Myers Bros., Lyeum.

WANTED TO A SKELETON.
Spring Valley, Rockland, N. Y.
Dr. R. V. Prince: Sir—For three years I had a terrible disease, consumption. After taking Dr. Prince's Discovery I had wasted away to a skeleton. I could not sleep nor rest, and many times I was on the verge of giving up. I was cured by Dr. Prince's Discovery. I am now a healthy man and am able to do my work. I am a great admirer of your Discovery. Respectfully, ISAAC E. DOWNS.

PIERCE GUARANTEES A CURE.
The "Golden Medical Discovery" has cured my daughter of a very bad liver complaint. After using the Discovery without success, we purchased three bottles of your "Discovery" and in a few days she was cured. Respectfully, ISAAC E. DOWNS.

No need to Read, in order to find out about Pearlina. Your friends can tell you all you want to know. You'll find most of them use it. Ask them about it. We'll leave it to any one of the millions of women who are using Pearlina. It isn't the best—the most economical thing, for washing and cleaning. But all the Pearlina users don't get its full benefits. Some seem to think that it's only for washing clothes or cleaning house.

Pearlina washes everything. And with almost every use you can put it to, besides the labor it saves and the ruinous rubbing, it gives you better work—better results.

Send it Back. Dealers and some mercantile grocers will tell you "this is good as" "the same as Pearlina." And if your grocer sends you something in place of Pearlina, he's a honest—send it back.

Consists of wheat and flour, as wheat equivalent, amounted to 2,555,000 bush as compared with 1,460,000 bush last year. Primary receipts are increasing and exports diminishing. There is positively no demand for foreign account. Reports from nearly every section of the country say that the growing crops are in excellent condition and in the Northwest they are nearly three weeks ahead of last year.

Corn and oats have been sustained by continued heavy shipments of corn and predictions of lighter receipts. There is a growing belief that stocks of corn are light in the country and that much higher prices will be seen in consequence of the expected scarcity. Provisions have been weak. The stocks are too heavy and the demand light. Sugar and the feature of the stock market today. There are indications of realizing around 15¢.

Wheat started higher today, but soon let the advance and declined before today's close. The cables brought higher quotations from Liverpool and the continental markets, but the statistical bureau connected with the daily and weekly receipts and shipments were lower. Present and prospective, had an untoward effect. The cables compared Minneapolis prices with those of other receipts for the day were lower. The week's exports of wheat and flour from both ports were only equal to 12,000 bush. Argentina shipped 200,000 bush. Buenos Aires shipped 100,000 bush. Liverpool all closed at considerably higher prices. Higher prices were weak and declined.

Wheat started higher at 65¢, rose steadily around 65¢ until 11:15, when it touched 66¢. It remained at 66¢, still prevailing with Nelson & Swanson.

\$100 bread-making contest will be June 1st.

FIRE LOSS

Chief Black Presents His Annual Report to the Fire Board.

Total Losses Were Less Than \$90,000. Covered by Big Insurance.

Recommendations Which Would Cost Considerable Money.

The regular monthly meeting of the board of fire commissioners was held this afternoon, and the usual payrolls and batch of bills approved. It was rather expected that a fire warden to succeed J. P. Dodge, who resigned recently, would be selected, but in the absence of Commissioner Little, who is out of the city, Secretary Lewis this morning expressed the opinion in action on that matter, and others of importance would be taken until some meeting when a full board is present.

There are several hustling for Dodge's old shoes. Ex-Chief Tom Smith, now employed as a wagon maker in the department shops, wants the place, and ex-Fire Warden Emil Applegren has in an application. A gentleman at West Duluth, The Herald reporter was unable to learn, also wants the position.

Reports from the fire wardens, veterinary surgeon and Chief Black for the month of April were received and filed.

During the month 19 alarms were turned in. There were total losses of \$10,000, covered by a total insurance of \$10,000.

At the Lester Park church fire, two lines of hose, each 100 feet long, were used, but at no time was there a stream over 25 feet from the nozzle. Right after the Chief Black visited the pumping station and found the water pressure ranging from 120 to 130 pounds.

The Chief Black visited the pumping station and found the water pressure ranging from 120 to 130 pounds. The Chief Black visited the pumping station and found the water pressure ranging from 120 to 130 pounds.

SUNDAY NIGHT 8 O'CLOCK.

Pilgrim Congregational Church.

REV. C. H. PATTON WILL PREACH UPON

DISAPPOINTMENT.

A great historical example—A new evidence of the continuity of life—Lost ambitions—Realizing the ideal and idealizing the real—Mazzini—Was the Man of Sorrows disappointed?

Music under the direction of the new Organist

Arthur G. Drake.

All our Doors are wide open to Strangers.

avenue east and Sixth street and a house erected to accommodate No. 2 Engine company. The present building, erected by the company, is totally unfit for occupancy and is on leased grounds and the lease has expired. A church engine should be purchased and quartered with No. 3 Engine company.

The above recommendations may seem a little extravagant, but I consider the improvements necessary to place this department in a position to successfully protect the city and cope with fires liable to occur. Duluth is no longer a village but a full grown city.

In conclusion, I wish to express my thanks to his honor, Mayor Lewis, for courtesies extended and untiring efforts in behalf of the department. To the chief of police and his force for assistance rendered at fires, and to the officers and members of the department for their hearty co-operation in improving the discipline of the department and the prompt response to calls and firework done at fires I wish also to express my thanks.

The annual report of Veterinary Surgeon Forsyth shows that during the year he made 530 calls at the engine house, 26 being visits of weekly inspection and 185 being special calls. The number of animals has been increased from forty-six to fifty-six and four horses sold. Five horses are considered hardly sufficient for service required of the relay and supply teams.

The sanitary conditions of the stables are good. The stables are kept very clean and no suggestions on that score seem necessary.

The infirmary has been beneficially improved and the rules for the care and feeding of the animals are commended and endorsed. Only one horse is out of service at present.

THE ALARM SYSTEM.
 Don A. Palmer, superintendent of the alarm system, suggests in his report, that a change from an "automatic" to a "central" office system would be worth considering in the near future, and a feature that would be economical in this relation is a consolidation of police and fire alarm wires, with their attachments, in one office. Distances from any station cut no figure as telephone connections can be made that would certainly neutralize any inconvenience of that description.

All electrical installations within the city limits have been added to the superintendent's duties. The work is increasing in volume and ultimately will require all of one man's time. "When this point is reached," said Mr. Palmer, "I shall feel obliged to call for an assistant or be compelled to neglect other imperative duties. A central office fire alarm system would give the superintendent more time for electrical inspection work. An operator or watchman must be placed on duty as soon as circumstances will permit, and the consideration of the above idea is asked."

Mr. Palmer recommends that good weather cover insulating copper wires be purchased for department use in all cases. Instead of bare wire, as the insulated now has been there for more than a few years ago.

Greenhouse Damaged.
 At 4 o'clock this morning, McComber's greenhouse at 921 East Third street caught fire and damage to building and plants resulted to the extent of \$1500 or \$2000, according to the owner's statement. It is not known whether the fire spread from an electric wire or a defective chimney.

WILL BE TRIED.
 County Attorney Says Elder's Case Will Come Up.

The grand jury adjourned yesterday afternoon without returning any further indictments, and the grand criminal matters will not begin again until Monday. It will last until Tuesday night at least. The criminal cases are expected to come on for trial sometime next week and County Attorney Arbury said this morning that one of the cases against George A. Elder for grand larceny in the first degree would be the first to be tried.

Elder's attorney, J. L. Washburn, is endeavoring to secure a further continuance, but the state is ready to proceed to trial, and unless a change in plan takes place, the cases will come to trial this term. This morning Andrew Fisher, indicted for assault upon Policeman Miller, was arraigned and given until Monday morning to plead. Joe E. O'Connell, indicted for endorsing Frank Wyman's name on a check, will plead Tuesday, and C. L. Wintz will plead Monday in charges of grand larceny and forgery.

The three judges sat in special term this morning and heard an important calendar. The mandamus case against the county clerk, brought by James Ryan to determine as to the disputed point in the new lump fee law, came up before Judge Ensign and was still on trial at noon. The point at issue is whether the 50 cents required by the new law for filing transcripts of judgment covers all details, or whether extra fees are required for docketing, indexing, etc., as under the old law.

TRIFLING DAMAGE.
 Yesterday afternoon Mattie Joy was up in police court on complaint of Irene Sterrett, charged with wilful injury to real property. Mattie pleaded guilty and was presented with a suspended sentence. The fearful damage to Madame Irene's real property was the mulling out of an old staple from the door post to a shed. Not only too, the door unlocked, but Mattie possessed a key to it, which made it appear that no great crime had been committed.

PANTON & WATSON'S

NINTH GRAND ANNUAL SPRING AND SUMMER

....OPENING....

Will be Celebrated at their Big Store Monday, Tuesday and Wednesday, May 6th, 7th and 8th.

It is needless for us to state that everybody is invited. "You have a standing invitation!"
It is needless for us to state that our display, both outside and inside our store will be New,
Attractive, Unique, Original and worth seeing. "It is always that!"
It is needless for us to state we will have music. An Opening without music "is like a home
without a mother."

It is needless for us to state we will give our patrons the usual Extraordinary Bargains. An Open-
ing without Bargains, we know, would disappoint you. We always give Bargains on Opening Days,
and this Opening will be no exception.

...CITIZENS...

Here is something we do want to tell you, and every citizen at
the head of the Lakes ought to respond to the call.

IT IS FOR CHARITY.

ON MONDAY NIGHT, MAY 6TH, FROM 8 TO 10 P. M.
The following musical program will be rendered at our store by
the best musical talent in Duluth. We have decided to charge an
admission fee of 10 CENTS (one dime) for each Lady,
Gentleman or Child that enters the store.

THE ENTIRE PROCEEDS TO BE TURNED OVER TO THE
ASSOCIATED CHARITIES BY US ON TUESDAY MORNING.
5000 people can be taken care of. This would give to the poor \$500
and none of you will miss TEN CENTS.

YOU WOULD PAY \$1.00 TO HEAR THIS MUSICAL
AT THE THEATRE.

BARGAIN COUNTER No. 1.
